a ticket inscribed "Quilt" secured control of the privelege of presenting it.
The social was held at the house of
Brother William Davy. Everybody was there. The quilt, gorgeous in coloring and remarkable as to autographic inscription, was prominently

There was great excitement over the taking of chances. The two young ladies were supported by their respective friends and almost every chance sold was placed in the name of one or other of them.
Old Uncle Tunis Wood, who lives

near Centreville, was passing Brother Davy's house about 9 o'clock on the night of the sociable He heard the sounds of merriment within. He knew it was a public gathering, and the purpose of it. He went in. Uncle Tunis was surrounded by the young ladies and their friends at once.

Each besought him to buy a chance for her.
"Gan't choose betwixt ye," said he

"I'll split the difference and buy chance for myself." He bought one Seven hundred and sixty chances were all that could be sold. Then the drawing commenced. After about four hundred tickets had been drawn and the prize ticket was still in the hat, Tunis Wood's name was called. He drew out a ticket. It was marked "Quilt." The old man had drawn the prize. He was beseiged by each young lady to let her be his substitute in presenting the

quilt to the preacher.

"The preacher! Give this quilt to the preacher! Well' not this year, I guess. Ain't the quilt good enough for me? I guess no preacher don't git this quilt. I wont it, I reckon!"

And the old man took the quilt and went home with it. A committee fol-

"This un suits me to death," he re-plied, "an' I'm afraid you couldn't get them colors jist like that again. I wouldn't like to part with it, ladies." And at last accounts neither ings nor threats could induce him to change his mind.

He Still Lives. Some years ago Dr. R. V. Pierce, of the World's Dispensary and Invalids' Hotel, of Buffalo, N. Y., and London, was sent for to examine a terrible disease of the knee-joint, resulting in ulceration and extensive sloughing of the bone and tissues. The man's life had bone and tissues. The man's life had been despaired of by the previous attendants. Amputation at the thigh was promptly decided upon and skillfully performed by Dr. Pierce, and as after treatment to purify the blood and prevent a recurrence of the malady the doctors Golden Medical Discovery was freely prescribed. The man's system was thoroughly purified and strengthened, he rapidly gained his health, the stump healing nicely, and he is to-day a happy man. This case was among the first in which this wonderful bloodpurifier was tested. It has since manifested its wonderful power over the worst scrofulous and other blood diseases. Taken for a time it so purmes and strengthens the system as to Taken for a time it so purifies strongly fortify it against the encroachments of disease. Sold by druggists.

Ayer's Hair Vigor, FOR RESTORING GRAY HAIR TO ITS

NATURAL VITALITY AND COLOR. It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitalit and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambrie. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
