No Cure No Pay.

Dr. Pierce's Family Medicines are guaranteed to cure, for particulars see rappers and pamphlets. They are reliable, have no sprung into popularity in a week or month and gone out of vor as rapidly, but being sustained by merit, have won a world-wide reputation, necessitating a branch in Lonpon, to supply foreign countries, while the home sales are enormous throughout the United States. Golden Medi-Discovery, purifies and enriches the blood, preventing fevers, and curing all skin and scrofulous affections, stimulating the liver to action, relieving biliousness, and curing consump-tion, which is scrofuly of the lungs. If the bowels are costive take Pierce's Pellets (little pills.) Both sold by druggists.

Сисадо, Ілл., Мау 5, 1879. World's Dispensary Medical Asso'n.
GENTLEMEN.—For years I have been a great sufferer. My trouble first started with terrible ague chills and constipations. This left me in 1878 with a racking cough and frequent bleedings from the lungs. Since this time I have been continually doctoring, consulting physicians without number. From them I received no benefit or encouragement. The most noted physicians of our city who last visited me expressed their opinions in the brief but hopeless words, 'Take good care of yourself the few days you hace to live, we cannot help you.' I grew steadily worse under their treatment. One day, through reading your Memorandom Book I learned of the Golden Medical Discovery. With but little hope of re-lief, I purchased a bottle and took it. To my surprise and satisfaction it did me more good than all the drugs I had taken the year around. I am now etedially using it with benefit and recommend it to all to be just what it is

advertised. Sincerely yours,
JAMES P. McGRATH, 50 Wight Street. J. C. Redick has secured the exclusive Agency of the Day Kidney Pay

Blown into Nothingness. BRADFORD, Feb. 14 - F. A. McLain

in the employ of the Roberts Torpedo | GEO. A. KELLY & CO. General Company, this morning was driving along the highway 15 miles southeast of Bradford, in a sleigh, with 200 bounds of nitro-glycerine. The horses ecame frightened and ran against a bowlder, causing an explosion. McLain was torn to mince-meat. Both horses were killed and no evidences of the sleigh could be found, McLain was a young man and unmarried. His parents are said to reside in Beaver Falls.

-Though the Speaker of the new House of Representatives will not be elected till December next, there are many men who deem themselves spe-cially fitted to adorn the Chair, and the candidating began long since. So general is the rivalry that Mr. Nord-hoff is led to say pleasantly that when a Representative has served two or three terms his friends and family usually think he ought to be made Speaker, just as in some places when a man gets to be forty without being sent to State Prison, the community by general consent, and as a matter of on decency, gve him the title of Colonel or Judge.

-Thomas Carlyle, the author of "Sartor Resartus" and a host of other works that have stamped him as the most vigorous master of the English language since the days of Dr. Johnson, Saturday a week in the 86th year of his age. Carlyle, like the great first lexicographer, hated democracy, and hence his classification of Americans as "civilized barbarians." But the general good which he has done in fighting shams ought to overbalance his prejudices; for no one ever dealt King Cant harder blows than the

doughty Scotchman, Thomas Carlyle. -The first section of railway built by Americans in Asia was opened for traffic the first week in January, just twelve months from the date of the order for its construction. The completed division is twenty-three miles in length. The line is from Otarunai Harbor, on the west coast, via Lap-paro, the capital of the Northern Is-land, Yezo, to the Paroni coal fields. It cost \$20,000 per mile, which includes rolling stock, motive power, machinery for terminal repair shops, etc. The English line built between Tokio and Yokohama cost nearly \$200-000 per mile, and it took five years to complete eighteen miles. The Japanese officials are said to be greatly encouraged by the prospect of an American system of rapid transportation.

-The Secretaryship of the Treasury is the most important office which the new President has to fill. The department of State, which nominally ranks as the first, cannot be so regarded when our foreign relations are as amicable as they seem likely to be for the next four years. But the Treasury Department will probably have to deal with some questions of the first magnitude during the next administration. Our resumption of specie payment has thus far been a fair weather experiment. The strain will come when the favorable condition of the foreign exchange shall be reversed. It is not to be expected that the harvests of Europe will continue to be as bad as they have been for the last three years, not that our own crops will always be as superlatively good. Whenever the vicissitudes of the seasons shall arrest our exceptionally heavy exportations and gold flows out of the country as as rapidly as it has of late been flowing in the solidity of our financial sys-tem will be tested. Then, if ever, ability of the highest order will be needed in the Treasury Department. Whenever a great drain of gold sets in the period of fair weather navigation will come to an abrupt close. Everybody who has greenbacks can exchange them for gold until the reserve in the Treasury is exhausted, and then our whole currency must sink to the value of our silver coin—in other words, be depreciated below the point at which it stood for several years previous to resumption.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands, by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh. Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. W. Shearer, 149 Powers' Block, Rochester, N. Y. [nov3:13teow] Consumption Cured.

MRS. LYDIA E. PINKHAM.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND. The Positive Cure

For all Female Complaints.

This preparation, as its name signifies, consists of Vegetable Proporties that are harmless to the most deleate invalid. Upon one trial the mentis of this Cedicate invalid. Upon one trial the mentis of this Compound will be recognized, as relief is immediate; and when its use is continued, in ninety-nine cases in a hundred, a permanent cure is effected, as thousands will testify. On account of its proven merits, it is to-day recommended and prescribed by the best physicians in the country.

tify. On account of its proven morits, it is to-day recommended and prescribed by the best physicians in
the country.

It will cure entirely the worst form of falling
of the uterus, Leucorrhora, irregular and peinful
Menstruation, all Ovarian Troubles, Inflammation and
Ulceration, Floodings, all Displacements and the consequent symal weakness, and is especially adapted to
the Change of Life. It will dissolve and expl tumors
from the uterustian acryl stage of development. The
tendency to cancerous humors there is checked very
specifly by its use.

In fact it has proved to be the greatest and best remedy that has ever been discovered. It permeates every portion of the system, and gives
new life and vigor. It removes faintness, flattikner, destroys all crawing for stimulants, and relieves weaknesof the stomach
It cures Blooting, Headaches, Nervous Prostration,
General Debility, Elseplessness, Depression and Indigestion. That feeling of bearing down, causing pain,
weight and beachnehe, is always permanently cured by
its use. It will at all times, and under cill circumstan
ess, act in harmony with the law that governs the
femalesystem.

emale system.
