NEW YORK CONVENTION—'STALWARTISM' OVER-THROWN.

The Republicans of the State of New York met in State Convention in the city of New York last week.

The object was the nomination of a State ticket. As the Republican organization in that State had been under the control of Roscoe Conkling, for some years past, it was determined to free it from his dictation.

On a test vote, for the chairmanship of the Convention, the anti Conkling Republicans elected their man by a majority of 108.

The new State Committee appointed is against him, and, in a word, the party in New York has freed itself from his selfish grasp.
