CRIMINAL CASES DISPOSED OF LAST WEEK Commonwealth vs. Mary E. Smith indicted for concealing the death of a male bastard child, March 18, 1882. Jury returned a verdict of not guilty in manner and form as defendant stands indicted and the county to pay the costs.

BRIEF REPORT OF THE CASE.

This was in many respects one of the most remarkable cases ever tried in the Courts of Butler county. The de fendant is a daughter of 'Squire John Smith, of Cherry twp She is a young lady of the age of 21 years, of very slender form and delicate constitution. Her personal appearance and demeanor all through the trial were such as to dispel the idea of guilt. It seems that her father had considerable litigation with his neighbors and relatives and had incurred the displeasure of some of them. The crime was alleged to have been committed on the 14th of number of suits were brought against persons living in Cherry twp., on account of the neighborhood talk These cases were finally settled on payment of costs and a small sum of money. The matter then rested until December 1881 when it was brought to the attention of the Grand Jury and a presentment made to Court charging the to make an information. The detendant was arrested about the latter part of December, 1881 and gave bail for a hearing before 'Squire Walker of Butler on the 27th of January, 1882. In the meantime, and after the arrest, she was married to Mr. O. S. Bolinger, to whom she had been engaged for some time prior to the happening of the cir-cumstances upon which the charge was based. The hearing took place before 'Squire Walker and the defendant was held in \$300 bail for her appearance at Court. The Grand Jury at the March term found a true bill against the defendant. On Saturday March 11, 1882 in the absence of the defendant and her father, her counsel made a motion to quash the array of Grand Jurors, for reason that the Sheriff and Jury Commissioners had not been sworn before drawing the Jury. While this was taking in Butler the defendant, her husband and father were in New Castle consulting Dr. John W. Wallace. The Court was about to hold that the objections to the Grand Jury were well taken, but held the matter under advise-

The Court permitted all objections to be withdrawn and on Wednesnot guilty, and a Jury selected. The Commonwealth proved by Dr Patterson, of Centreville, and Dr Hockenberry, of Sunbury, that Miss Smith had applied to them for relief for suppression of the menses. They both testified that from personal ap pearance and other signs they suspect ed pregnancy. That she was there on the 14 of April; she had finished work at night and went in search of Miss Smith to go to bed, she found her in the parhumming a tune; she did not say anything to her but went to bed and the next morning Miss Smith was in bed with her, and told her that Dr Hockenberry's medicine had began to take effect, and she was not able to get up; that she got up and came down stairs and was horrified to find blood in the hall leading from the parlor door out to the porch and in the direction of the coal house, and down into the cellar where a large quantity of bloody clothing was found. ST. JOSEPH, Mo., March 16 .- Five boys, aged from nine to eleven, lost their lives late this afternoon by the J caving in of a play-house, which they had dug in a bank in the north part of the city. The boys attending school in that vicinity commenced digging last fall, and having penetrated a few feet into the bank dug out a room six feet high and about six by eight in dimensions. At 4:30 o'clock this afternoon, after school, a number of boys re- D paired to the cave for their usual frolic when the bank caved in upon five of I them, crushing and smothering them A to death, some seventeen feet of earth piling upon them. The alarm was given and a great crowd of citizens on collected, and at 6:30 the lifeless bodies of the five boys had been dug
