It is a wonderful hive of industry, where quick brains and hands work ceaselessly day and night. The average of tons handled daily in 1877 was sixty-one. This steady growth in the mail business, not only there but throughout the country, is a good index of the growing and prevailing prosperity. Some one played a good first of April joke on one of our young attorneys, who is also a surveyor. The joker sent the Y. A. a note, signed T. Houston, asking him to come down to his place near the Bald Ridge oil territory, on Saturday, and run a line between his farm and his neighbor's, and giving as a reason for wanting the line run, that a certain oil firm had located a well, which he thought was on his property. George hired a rig last Saturday morning and visited the vicinity, but after making some inquiries as to the location of T. Houston's farm, it dawned upon him that it was all fool's day, so he "took in" the new oil well and came home.

BILLY WILLIAMS.

Frank Gossip About the Pittsburg and Western R. R.

The appointment of a receiver for the Pittsburg and Youngstown Railroad some time since has occasioned great speculation as to the cause, it having been generally understood that a controlling interest in the road was owned by the Pittsburg & Western.

A prominent official of the latter road was in the city on Monday, and was interviewed by a reporter regarding the reason for the appointment of a receiver by scratching from him information of the name of the most material witness.

This is Marshall's story. Irvin has not yet told his side. The feeling between the two men has not been very cordial for some time, as Irvin had the court some time since appoint another man detective instead of Marshall.

Many of our readers will, no doubt remember H. Gold Rodgers, the large heavily built man, who was in Butler two or three years ago soliciting subscriptions for a lecture on Geology, which was never delivered. He died in Lancaster a few days ago.

He studied law in Harrisburg in 1834 and after his admission to the bar, settled in Pittsburg. At the November election of 1836 he was elected as a Democrat to the reform convention of the Convention that met in Harrisburg in May, 1837, and then in Philadelphia, in which place the convention adjourned. He was a native of New York State. President Martin Van Buren appointed him Charge de Affairs at Sardinia, and while there he became erratic and was recalled before the end of Van Buren's administration. He was highly educated, and at that day a gentleman of the old school. He was the author of several books, which he sold for a livelihood. He spent a large fortune, inherited from his father, and became poor. Rum did the work for body and mind, and he died in a pauper's asylum.

J. One 26, 1880. Messrs. White & Burdick, Druggists, Ithaca, N. Y.—My daughter and myself, great sufferers from Catarrh, have been cured by Ely's Cream Balm. My sense of smell restored and health greatly improved. C. M. Stanley, dealer in boots and shoes, Ithaca, N. Y. Price 50 cents.

Silas Gray, who is serving a four years sentence in the Penitentiary for stealing Dr. Ferrington's horse, will be tried for murder at the May term of the Westmoreland county Court. The *Tribune* says: In a battered paste-board box in the county clerk's office are a skull and jaw-bones. These ghastly relics were once part of the anatomy of Mary McCrady. The latter once lived in Bell township, this county, and was a widow. She lived in an unpromising cottage near the banks of the Kiskiminetas. On the 21st of February, 1877, when her little son, aged about 11, returned from school, he could not find his mother. Search was instituted, but no trace of her could be found. Suspicion pointed to Silas Gray as the one most likely to know something about her mysterious departure, but, as there was no evidence of a crime having been committed, he was not arrested. About a year afterward a party of boys were fishing in the river near where the widow had lived, when one of the party got his fish line fast, and for a time they could not loosen it. At last the youths gave up the force, and by united effort the line was dragged out, when it was found that, instead of an immense fish, they had caught the skull of a human being. The jaw bone was also recovered. Friends of the widow recognized the latter by the peculiarly formed front teeth. On the 17th of April, 1878, Squier S. G. Thompson held an inquest, and the jury found that Mary McCrady had come to her death at the hands of Silas Gray, and that a mortal wound had been inflicted by a hatchet.

Missionary Conference.

The regular meeting of the first district missionary conference, of Allegheny, classis of the Reformed Church, convened in the Reformed Church, Fairview, Pa., March 28th, at 2 o'clock, P. M., and closed its sessions on the 29th, at 9:30 o'clock, P. M.

The discussions throughout were quite interesting and beneficial to all concerned. The members of this district held four meetings during the week before last, and have reason to believe that much good will result to the cause of Missions. The Church of Christ, in its very nature and constitution, missionary in its character. Such being the fact, it is evident from her workings that too little is being done for the cause. We are glad to see that the ministry of the Church are taking high ground upon the subject, and are pressing it upon the laity. Let the good work continue God will own and bless it.

There was one feature of this late Conference we commend very much, viz: the fraternal feeling so prominent on the part of the different denominations. Although the Conference was held under the auspices of the Reformed Church, the pastors, Revs. McFarland and Decker, with many of their membership, attended the sessions, attesting their interest in the great cause of Missions of the Church. God's blessing will surely rest upon such labor of love.
