second-classs matter.

THIS morning, May 9. is quite spring like and warm rains have revived all things.

REPUBLICAN State Convention today: a Governor, Lieutenant-Governor, Judge of Supreme Court, Congressman-at-Large and a Secretary of Internal Affairs are to be nominated.

DR. McGILL, of Freeport, is urged to become a candidate for nomination for the Legislature in Armstrong county, for the reason that more candidates for that office in that county, than are announced, seem to be demanded by the Republican voters of the county.

THERE will probably be no more candidates announced for nominations in this county this year, except perhaps for Jury Commissioner, for which we hear mentioned some more names that may be announced. The canvass in the county thus far has progressed quietly and in good feeling, which we hope will be continued until June 3rd, the day of the primaries.

THE Republicans of Mercer county last week, placed in nomination the following ticket : Congress, Hon. S. H. Miller; Assembly, Levi Morrison, L. D. Bumpus and Andrew Robinson ; Poor Director, James Satterfield ; Jury Commissioner, H. T. Van Forn: Ceroner, F. M. Temple.

The delegates to the State Convention were instructed for Brown for Judge and Beaver for Governor. The Convention also passed a resolution favoring the passage by the Legislature of a Constitutional Amendment bill on the liquor question.

COL. R. J. PHIPPS, of Clintonville, Venango county, who is connected with the Phillips Bros., in taking oil leases in this county, is spoken of us a fair and square man in all his transactions. It has been the custom of many in taking oil leases to misrepresent and to obtain leases "by hook or by crook," but we understand this is not the mode Col. Phipps pursues. Since he has been in the business of lease taking in this and other adjoining counties we understand he has leased about ten thousand acres, and never been charged with anything unfair or crooked in his so doing.

THE STATE CONVENTION.

The Republican State Convention meets to-day. We regard it as one of far more than ordinary importance to the party. This arises from the peculiar state of affairs existing in the party in this State. While the Republicans

of the State generally have recognized the Convention meeting to-day as the regular one, yet it is well known that another State Convention has been arranged for, to meet two weeks from this day. This forebodes two State Conventions and two Republican State tickets this year. The causes leading to this condition in the party are well understood and need not be repeated, further than to say, that it is a determined effort to throw off and get clear of the one man power in the party of this State, known as Cameron-Seeing the danger ahead, an ef. fort was recently made to restore harmony and re-unite the party. This

led to the naming of a committee of five by each of the wings, to compose a conference. These committees met, held a conference, and have made a report, the result of which will be seen in another place. They made recommendations to the Convention that meets to-day. If these recommendations are ratified to-day much will

have been accomplished. Some of them go directly to the very root of the evil existing, and if, therefore,

they are approved and adopted, they will be the rule and the guide for the party in the future. They put every-

thing relating to State tickets and authority to speak or act for other State Conventions into the hands of persons than ourselves, and simply the people.
