CONCERNING the position which Mr. CONCERNING the position which Mr. Rawle now occupies with reference to his place upon the Harrisburg Conven-tion ticket, it may be said with confidence that he prefers to retire from the ticket. He thinks, however, that the obligation he is under to those who procured his nomination, especially Senator Cameron, forbids his withdrawal, under the present circumstances. as it would seem like his withdrawal, under the present circumstances, as it would seem like deserting them. If, however, an op-portunity should present itself, as, for instance, the reassembling of the State Convention, or the meeting of a new one, it is well assured that Mr. Rawle will present a letter of withdrawal .--Venango Citizen.

THERE will no doubt be a new convention by the Republican party, elect-ed under the new rules. There was no provision made for filling vacancies by the State Central Committee, and ere is no power to call the old convention. That Convention was ad-journed sine die. The new convention will set all things right."

The above is from the Kittanning Free Press, issued before Cooper's call for the reassembling of the "old convention". What will the Free Press say now? The "old convention" has been recalled; how now can the "new convention set all things right." As the Press has been rather stalwart, this will be an interesting problem for it to solve

Born the Philadelphia newspapers which published reports of Senator Cameron's tariff threat announced that they have made careful and thorough investigation concerning the accuracy peal to the people of the county, and of those reports and are convinced that his success is gratifying to his many they were entirely just so far as they went, and that if there was any it was in not giving the strongest expressions used by the irate Senator. They are the interests of the county will be also agreed that there is one thing to be said in his defence. He had a very bad toothache at the time. We believe the Senator bimself admits the fact of the toothache. Still, there is strong evidence that the Independents were giving him more pain than the and will perform the duties of the tooth was __ Tribune

the late Republican Harrisburg Con-vention writes to the Philadelphia Press: "I am in favor of a new State Convention composed of data Convention composed of delegates elected under the rules, in which the delegates shall represent all the Repub-licans of the State, and I hope to see it ordered at the request of all candi-dates on the two tickets, in order that their names, together with any others, may be submitted to the reconsideration of the people's representatives; or I am in favor of reconvening the del-

FOR ASSEMBLY, It will be seen the Hon. William P Braham has been renominated, having the leading vote among his competitors. This is an endorsement by the Republicans of this county of him, not only of his action and record in the late Legislature, but of his standing and usefulness as a citizen.
