-The County Commissioners have all the tax books for 1882 in the hands of the collectors. They have sent out the registry lists and in about two weeks will have finished with the Assessors books, and all this without having paid out a cent of the county's money for transcribing. They are a very industrious board of Commissioners.

at last accounts the patient was doing well. —An indication of the immensity of the oil production and trade may be found in the report of business which the different pipe companies are required by law to make on or before the 10th of each month. The last re-ports show thaw that during July a total of 3,217,865 barrels wire taken from the wells, a daily average of nearly 104,000 barrels. The lines during the same time shipped away 2,403,383 barrels, a daily average of 79,463 barrels. This shows that during the month there was an accumulation of 817,482 barrels, or 26,370 barrels daily. The stock now held in custody of the pipe lines is 30,273,847, of which 22,037,273 is represented by out tanding cer-tificates of the United Pipe line.

-The track of the new railroad has -The track of the new railroad has been laid from the crossing of the West Penn to a point between Mrs. Muntr's place and Walter's mill. The work progresses very slowly on account of the rails having to be carried across the West Penn road from the new part of the road, on which they are car-ried to the place they are meeded. If the crossing was made so that the cars of the P. & W. could run over the new road, the work would progress much faster.
