## MISCELLANEOUS. THE FLOWER CITY FURDRE The Commotion Caused by the Statement of a Physician.

An unusual article from the Roches ter, N. Y., Democrat and Chronicle, was published in this paper recently and has been the subject of much conversation both in professional circles and on the street. Apparently it caused more commotion in Rochester, as the following from the same paper

shows: Dr. J. B. Henion, who is well known not only in Rochester, but in nearly every part of America, sent an extended article to this paper, a few days since which was duly published, de tailing his remarkable experience and rescue from what seemed to be certain death. It would be impossible to enumerate the personal enquiries which have been made at our office as to the validity of the article, but they have been so numerous that further investigation of the subject was deemed an

editorial necessity.

With this end in view a representative of this paper called on Dr. Henion, at his residence on St Paul street, when the following interview occurred: "That article of yours, Doctor, has created quite a whirlwind Are the statements about the terrible condition you were in, and the way you were rescued such as you can sustain?"

"Every one of them and many additional ones. Few people ever get so near the grave as I did and then return, and I am not surprised that the public think it marvelous. It was marvelous." physician, come to be brought so low?

By neglecting the first and most simple symptoms. I did not think I was sick. It is true I had frequent eadaches; felt tired most of the time could eat nothing one day and was ravenous the next; felt dull indefinite pains and my stomach was out of order, but I did not think it meant anything

anything to do with the fearfal Bright's disease which took so firm a hold on

"Anything? Why, they are the sure indications of the first stages of that dreadful malady. The fact is, few people know or realize what ails them, and I am sorry to say that too few physicians do either " That is a strange statement,

"But it is a true one. The medical profession have been treating symptom instead of diseases for years, and it lis high time it ceased. We doctors have been clipping off the twigs when we should strike at the root. The symptoms I have just mentioned or any unsual action or irritation of the water channels indicate the approach of Bright's disease even more than a cough announces the coming of con-We do not treat the cough, but try to help the lungs. We should not waste our time trying to relieve the headache, stomach, pains about the body or other symptoms, but go directly to the kidneys, the source of most of

these ailments."
"This, then, is what you meant when you said that more than one-half remedy which cured him?" the deaths which occur arise from Bright's disease, is it doctor?"

diseases are torturing people to-day, when in reality it is Bright's disease We publish the fo in some one of its many forms. It is a Hydra-headed monster, and the which the publicity of Dr. Henioa's slightest symptoms should strike terror article has caused and to meet the to every one who has them. I can protestations which have been made. look back and recall hundreds of deaths which physicians declared at the time were caused by paralysis, apoplexy, heart disease, pueumonia, malarial fever and other common complaints which I see now were caused by

symptoms at first?"
"Every one of them, and might have been cured as I was by the timely use of the same remedy-Warner's Safe Kidney and Liver Cure. I am getting my eyes thoroughly opened in this matter and think I am helping others to see the facts and their possible danger also. Why, there are no end of truths bearing on this subject. If you want to know more about it go and see Mr. Warner himself. He was sick man in Rochester to-day. He has press train. made a study of this subject and can give you more facts than I can. Go. too, and see Dr. Lattimore, the chemist, at the University. If you want facts there are any quantity of them showing he alarming lucreuss of Bright's dis-

A REMARKABLE CURE 4N A SHORT TIME.

A THUE CONFESSION.

I suffered for yeas with Indigestion, and lately had a feeling as of some hard substance in my stomach. I could not eat, sleep or work. I was under the care-of a regular physician for three months without reftef. I then employed two physicians in Philadelphia. To the one I paid \$15 for advice and medicine; to the other I paid at different times the amount of \$84 without any benefit whatever.

Some friend recommended AROMANNA I tried it, and after taking two bottles, I was greatly relieved, the pain in my stomach ceased, my appetite and sleep came back and I could work. This was a year ago last October. Since that time I am taking every week a tablespoonful of the AROMANNA. I am hardy and healthy and as strong as ever My wife and daughter, who were suffering with Dyspepsia, used the same medicine, and were entirely cured.

I have made this statement for the benefit of many sufferers. I am living on Mr. Wm, Knight's farm near Woodbury, where I can be found at any time.

Peter C. Wood.
