

BUTLER CITIZEN.

MISCELLANEOUS.

Hall Stones as big as Pumpkins. There is some doubt about the hall-stones having been quite so large, but as some people said they were as large as potatoes anyhow, it must have been a very severe storm.

Communion Wine. The grape crop of A. Speer's vineyards in New Jersey last year was double that of any previous year.

If your good name is the only inheritance you can leave your children you had better begin to make one. Useful to the family.

We usually leave it to the doctors to recommend medicines, but Parker's Ginger Tonic has been so useful in our family in relieving sickness and suffering that we cannot say too much in its praise.

It's a pity the English sparrows cannot be substituted for pigeons as targets in shooting matches.

Fresh air, exercise, good food and Dr. Benson's Celery and Chamomile Pills will, when used together, cure any case of nervousness, sick headache, or indigestion.

Any man can make a fortune who has a mind to. The difficulty is that so few people have that kind of a mind.

Why do we defer till to-morrow what we should do to-day? Why do we neglect a cough till it throws us into consumption, and consumption consumption brings us to the grave? Dr. Wm. Hall's Balsam is sure to cure if taken in season.

Baker's Pain Panacea. Is one of the best liniments put up. It is a real pain killer, and destroys pain, whether internal or external, whenever used.

Townsend's Tooth Anodyne cures instantly. Peter Cooper was one of the few men who could look their own lives squarely in the face and not blush with shame.

New Bloomfield, Miss., Jan. 2, '80. I wish to say that I have been suffering for the last five years with a severe itching ailment. I have heard of Hop Bitters and have tried it. I have used up four bottles, and it has done me more good than all the doctors and medicines that they could use on or with me.

Henry Knoche. "What becomes of the pins?" is an old question. Two of them were recently found in an egg.

Thousands in this State are dying by inches by that dreadful disease dyspepsia, ignorant of the fact that there is a certain cure to be had. Wilsonia Magnetic Appliances never fail. Cure guaranteed or no charge made.

A Blessing in Disguise. No family should be without Alcock's Porous Plasters, their healing powers are wonderful and their efficiency far-reaching and lasting.

What is bred in the bone, will never out of the flesh. But rheumatism, piles, malaria, constipation and all other constituents from derangements of the functions of the liver, kidneys and bowels will "out of the flesh" without fail after the thorough use of Kidney-Wort, the cure for all such diseases.

Decided steps ought to be taken to cure a cold or cough at once. We should recommend Dr. Bull's Cough Syrup. This valuable medicine is endorsed by the physicians and you can rely on its doing the work every time.

The population of Pennsylvania is, in round number, four and a half million, and of these only half a million, or one-tenth, belong to any religious organization. These statistics indicate that good missionary ground might be found nearer than India, or the "Isles of the Sea."

Ralph Young, an Erie young man, was found dead in his bed lately with circumstances that led to the belief that he had committed suicide. An investigation by the Coroner implicates his brother and sister as causing his death, and they were both arrested on Monday.

An insurance agent named Pyle, in running fell over a stile, St. Jacobs Oil gave relief. And the pain was so brief, He got up and said: "I should smile."

Most of the eminent doctors in the East, as well as several of the medical faculty in New York City, writes Rev. P. P. Shirley, of Chicago, "failed to help our daughter's epilepsy, which began to show signs of turning into insanity. By the good providence of God we tried Samaritan's and it cured her." Your druggist keeps it, \$1.50.

When we suddenly become old it is sometimes difficult to see our old and poor friends with sufficient distinctness to buy them on the street. Money affects the eye-sight in just that way when there is not brain enough to keep the eyes in place. Pope writes:—

Since my old friend has grown so great As to be Minister of State, 'Tis odd, but 'tis not true I brag, That Crabs will be ashamed of Pope. And on the receipt of this note his friend at once wrote back:—

Alas! if I am such a creature, To grow the worse for growing greater, Why, faith, 'twere better to be brags, 'Tis Pope must be ashamed of Crags.

Good for Babies. With a baby at breast nothing is so useful for quieting my own and baby's nerves as Parker's Ginger Tonic. It prevents bow complaints, and is better than any stimulant to give strength and appetite.—A Newark Mother.

The coachman's unconscious satire on the ordinary religious man is worth remembering. "That horse is a knowing un," he said, "Why, if anybody was to use him badly he would be madder like a Christian, by which he meant that the beast would kick the first chance he got."

Another case in which a soft answer turned away wrath into meriment. At a certain party a gentleman in the midst of an angry dispute threw a bottle at his opponent's head by way of emphasizing his argument. Foote, who was present, immediately picked the missile up and laid it on the table, saying, "Friends, if you pass the bottle as quickly as that you won't be able to stand out the evening."

According to English trade papers the importations of American manufactures into Australia though small as yet, is rapidly increasing. The Australians prefer certain kinds of American goods to English goods, because they are of better quality, more neatly finished, and made without any superfluous material, are packed better for shipping, and are made without any special reference to the market for which they are intended.

FROM THE SOUTH. A Perfect Combination with Two Salient Advantages—Why it Concerns You. "There is no mistake about it," remarked Dr. M. J. Flower, of Philadelphia, "BENSON'S CAPSICUM PLASTER are one of the most perfect combinations ever produced. They have two kinds of adhesive, one for the skin, and the other for the plaster itself. They are clean and pleasant to use, never soiling the hands, and they follow in from three to forty-eight hours."

HOW WATCHES ARE MADE.
