He had two Balls in his Stomach

He put them there because it was the fashion at his boarding-house. They were codfish balls, But the boarders found that putting too many codfish balls in their stomachs produced dyspepsia, especially when washed down with salt mackerel and tough steak. Precious Hope-Peruna.

One morning while he (her husband) was holding her up in order that she could breathe more easily, after having struggled with a bad spell of coughing, he made the remark that he did not believe she would ever get well, when she, in her weukness, said: "Yes, I will, If you will bring Dr. Hartman." The doctor was brought. He prescribed a teaspoonful you will bring Dr. Hartman." The doctor was brought. He prescribed a teaspoonful of Peruna every hour. She began to improve from the first dose she took. She told me today she has never fell better in her life than she does now, and that she cannot say too much for Peruna.

Her husband writes: "South Chicago, Ill., Dec. 19, 1881: I have a living witness of the virtue of Peruna in my wife, who was saved from death by it. I certify that every word on page 30 in Dr. Hartman's book on the "Ills of Life" is true in every particular.

HOW WATCHES ARE MADE.

In a Solid Gold Water, aside from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraved portions in place, and supply strength.
The surplus gold is actually needless. In James Boss' Patent Gold Watch Cases this WASTE is saved, and SOLIDITY and STRENGTH increased by a simple process, at one-half the cost. A plate of SOLID GOLD is soldered on each side of a plate of hard nickel composition metal, and the three are then passed between polished steel rollers. From this the cases, backs, centers, bezels, etc., are cut and shaped by dies and formers, The gold is thick enough to admit of all kinds of chasing, engraving and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each case is accompanied with a valid guarantee signed by the manufacturers warranting it to wear 20 years, 150,000 of these Cases now carried in the United States and Canada.
