The Bothered Army Surgeons.

It was in war time. The Quarter-master of the Fourth New York Artillery was nearly dead with dysentery. The surgeons did their best for him, but at last gave him up. Lieut. Bemis, who is now a well known merchant in Oneida, N. Y., ventured to dose him with Perry Davis's Pain Killer. In a few days the Quartermaster's sufferings were over, and he was on duty as before.

How to Shorten Life.

The receipt is simple. You have only to take a violent cold, and neglect it. Abernetby, the great English surgeon, asked a lady who told him she only had a cough: "What would you have? The Plague?" Beware of "only a cough." The worst case can, however he cannot be Dr. Wen. Hellig Rel only had a cough: "What would you have? The Plague?" Beware of "only a cough." The worst case can, however, be cured by Dr. Wm. Hall's Balsam for the Lungs. In whooping cough and croup it immediately allays irritation, and is sure to prevent a fatal termination of the disease. Sold by all druggists and dealers in medicine.

—What will Brown's Iron Bitters cure? It will cure heart disease, paralysis, dropsy, kidney disease, consumption, dyspepsia, Rheumatism and all similar diseases. Its wonderful curative power is simply because it purifies the blood, thus beginning at the foundation and building up the system, drives out all disease. For the peculiar troubles to which ladies are subject it is invaluable. It is the only preparation of iron that does not color the teeth or cause headache.

HOW WATCHES ARE MADE.

In a SOLID GOLD WATCH, aside from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraved portions in place, and supply strength. The surplus gold is actually needless. In James Boss' Patent Gold Watch Cases this WASTE is saved, and SOLIDITY and STRENGTH increased by a simple process, at one-half the cost. A plate of solid GOLD is soldered on each side of a plate of hard nickel composition metal, and the three are then passed between polished steel rollers. From this the cases, backs, centers, bezels, etc., are cut and shaped by dies and formers. The gold is thick enough to admit of all kinds of chasing, engraving and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each case is accompanied with a valid guarantee signed by the manufacturers warranting it to wear 20 years. 150,000 of these Cases now carried in the United States and Canada. Largest and Oldest Factory. Established 1854. Ask your Jeweler.

The Boss watch cases with any kind of novement desired, can be had of
