

BUTLER CITIZEN.

MISCELLANEOUS.

A SCIENTIFIC DISCOVERY.

A New and Most Important Theory on one of the Most Vital Questions of the Day.

If anyone had informed Queen Elizabeth in her palmist days that she could have been seated in her palace in London and conversed with Sir Walter Raleigh in his North Carolina home; receiving a reply from him within an hour's time, she would have declared it to be a miracle.

And yet, had that miracle occurred today, this apparent miracle would most readily have been witnessed and not seem at all strange or unnatural. The truth is, new principles are coming into existence, and the operation of many laws unknown in the past is being fully understood in the present.

In no way does this fact come more forcibly to the mind than in the care and treatment of the human body. Millions of people have died in past ages from some insignificant or easily controlled cause which is thoroughly understood now and readily handled.

Consumption during the entire past has been considered an incurable disease. And yet it is demonstrated that it can be cured, even after it has had a long run.

Dr. Felix Oswald has just contributed a notable article on this subject to the Popular Science Monthly. He regards consumption as pulmonary scrofula. The impurities of the blood produce a constant irritation in the lungs, thus destroying their delicate tissues and causing death.

His theory shows conclusively that consumption is a blood disease. It has its origin primarily in a deranged condition of the kidneys or liver, the only two organs of the body, aside from the lungs, that purify the blood.

When the kidneys or liver are diseased they are in a sore or irritated state which communicates a poison to every ounce of blood that passes through them.

This poisonous blood circulates through the system and comes to the lungs, where the poison is deposited, causing decomposition in the finely formed cells of the lungs.

Any diseased part of the body has contaminating power, and yet the blood, which is the life of the system, is brought into direct contact with these poisoned organs, thus carrying contagion to all parts of the body.

Bishop Jesse T. Peck, D. D., LL. D., whose death has been so recently regretted, is reported to have died of pneumonia, which medical authorities affirm indicates a diseased condition of the kidneys.

It is well known that for several years he has been the victim of severe kidney trouble, and the pneumonia which finally terminated his life was only the last result of the previous blood poisoning.

The deadly matter which is left in the lungs by the impure blood clogs up and finally chokes the patient. When this is accomplished, he rapidly it is called pneumonia or quick consumption; when slowly, consumption, but in any event it is the result of impure blood, caused by diseased kidneys and liver.

These are facts of science, and vouchered for by all the leading physicians of the day. They show the desirability of the necessary, of keeping the most important organs in perfect condition, not only to insure health, but also to escape death.

It has been fully shown, to the satisfaction of nearly every unprejudiced mind, that Warner's Safe Kidney and Liver Cure is the only known remedy that can cure and keep in health the great blood-purifying organs of the body. It acts directly upon these members, healing all ulcers which may have formed in them and placing them in a condition to purify and not poison the blood.

This is no idle statement nor false theory. Mr. W. C. Beach, foreman of the Buffalo, N. Y., Rubber Type Foundry was given up to die by both physicians and friends. For four years he had a terrible cough, accompanied by night sweats, chills, and all the well known symptoms. He spent a season south and found no relief. He says: "I finally concluded to try Warner's Safe Kidney and Liver Cure and in three months I gained twenty pounds, recovered my lost energy, and my health was fully restored."

The list could be prolonged indefinitely but enough has been said to prove to every sufferer from pulmonary troubles, that there is no reason to be discouraged in the least, and that health can be restored.

—Was there ever so gross an instance of waste and misallocation of the New York State Capital at Albany? It was estimated at four million dollars; yet it has now cost fourteen millions, and is not finished. The National Capitol at Washington is said to have cost twelve millions only.

Another Life Saved. J. C. Gray, of Danville, Ala., writes us: "I have been using Dr. Wm. Hall's Balm for the Lungs, and I can say of a truth, it is far superior to any other lung preparation in the world. My mother was confined to her bed four weeks with a cough, and had every attention by as good physicians as there are in the country, and they all failed to effect a cure; but when I got one bottle of your Dr. Wm. Hall's Balm for the Lungs, she began to mend right away. I can say in truth, that it was the means of saving her life. I knew of five cases that Wm. Hall's Balm had cured, and my mother is better now than she has before for twenty years."

Henry's Carbolic Salve. Is the best salve for cuts, bruises, sores, ulcers, salt rheum, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, freckles and pimples. Get Henry's Carbolic Salve, as all others are counterfeits. Price 25 cents.

—The consciousness of wrong-doing is to the soul what a forgotten peg in a boot is to the foot. You can't be happy until you do something about it.

—Once all over the land goes up from mothers, that says, "My daughters are so feeble and sad, with no strength, all out of breath and life at the least exertion. What can we do for them?" The answer is simple and full of hope. One to four weeks' use of Hop Bitters will make them healthy, rosy, sprightly, and cheerful.

After they went fishing.

They didn't catch many fish, although they had a great deal of fun and got themselves wet all over when the log they were sitting on rolled over and dropped them into the water.

The biggest catch of the day was the severe cold they caught from not being properly dried when they came out. A summer cold is quite as dangerous as one in winter, but Perry Davis's Pain Killer is the sovereign remedy in case of either.

"Sun, moon and stars forgot," quoted a senior, as he flunked in astronomy.

"Five Dr.'s: no end of medicine: no relief. Dr. Benson's Skin Cure has driven away all eruptions and I'm nearly well." Ida C. Young, Hamilton, Ill., Druggists keep it, \$1 per package.

—A pig would seem the best subject for medical students to experiment on, as he could be killed first and cured afterward.

Dr. Mott's Endorsement of Speer's Port Wine.

The celebrated Dr. Mott, of New York, speaks wonders for Mr. Speer's efforts to raise the Oporoto or Port Grape Wine in New Jersey.

The Doctor has spent years in Portugal and the wine districts of France, and knows what he is talking about. Read it.

62 MADISON AVENUE, NEW YORK.

Mr. ALFRED SPEER.—Dear Sir: The visit which I made last year to your vineyards, wine-presses and vaults at Passaic, N. J., satisfies me thoroughly that the wine produced by you are pure and unadulterated, and the very best that can be offered to the public for medicinal uses.

Acting on my favorable impression at the time, I have since recommended the Port Wine; more particularly in my practice, and am satisfied with marked benefit to my patients.

There can be no better proof to the doubting mind, than to the wine being made of the finest Oporoto Grape, from a visit to your acres of land covered with the wine bearing the luxuriant fruit. Wishing you success in your praiseworthy enterprise.

I remain respectfully yours, ALEX. B. MOTT, M. D., Prof. of Surgery, Bellevue Hospital Medical College, &c. &c. For sale by D. H. Waller.

—Scene at children's party: "Good-bye, Florida, you go now." "Yes, and mamma told me to say I've had a very nice time."

—If disease has entered the system the only way to drive it out is to purify and carry the blood to the skin, and this is acknowledged by all medical men, nothing is better adapted than iron. The fault hitherto has been that iron could not be prepared as to be absolutely harmless to the teeth. This difficulty has been overcome by the Brown Chemical Company, of Baltimore, Md., who offer their Brown's Iron Bitters as a faultless iron preparation, a powerful cure for dyspepsia, indigestion, kidney troubles, etc.

—The school book agent is just now making it pleasant for members of the school boards throughout the State.

Baby Elephant. Barron is overjoyed with his acquisition—the baby elephant—and declares \$30,000 could not buy it. He offers \$50,000 for an insurance of the life of the infant for six weeks. Sure, if he knew the full value of Peruna, he would do no such foolish thing, as they are the most successful protective medicines that have ever been introduced to the human family. No one can take any disease while taking Peruna before each meal, and keeping the bowels regular with the Balm.

—So far, this season has been an excellent one for hired men on the farm. "More rain, more rest," you know.

Deservedly Popular. Unless it had great merit Parker's Ginger Tonic could not be so popular. Its sale has spread remarkably every where, because it invalids find it gives them new life and vigor when other medicines fail entirely.—Ohio Farmer.

—Officer (to timid soldier): "Why, Pat, you are surely not going to turn coward?" Pat: "Why, shure, I'd rather be a coward for foive minutes than a corpse for the rest of me loife."

—An attractive, youthful appearance secured by using Parker's Hair Dye.

—The remains of a man recently killed by the cars at Allentown have been identified as those of J. W. Drum, a prominent architect of Pittsburgh.

"Throw physic to the dogs" is a command, disobedience to which can cut short many a useful life. The remedy called Wilson's advertised on another page, strikes us as a most reasonable one.

Treatment by electricity has often been found beneficial, and could it be applied constantly might do more.

By the Wilson's method, mild, almost imperceptible, currents of magnetism are constantly given, which in an almost marvellous way restore health. Its achievements in the East are the universal theme.

—A company in Pittsburgh has subscribed \$300,000 for the manufacture of the Love sewing machine, a new patent, in that city.

—Peruvian warlike is said to have descended to the point of sowing troops in the roads over which Chilean troops are likely to march, in order that the feet and legs of the soldiers may be mangled by their contrivances without exposing any Peruvian patriot to the chances of legitimate combat.

Advance Step in Dentistry. HAYANA, CUBA.—The most popular dentist in this city, Dr. Francisco Garcia, member of the Royal University, states that in all cases of troublesome neuralgia, arising from the teeth, his patrons are recommended to use St. Jacob's Lozenges. Most satisfactory cures have followed. It is a specific for toothache, earache, bodily pains, and proof against household accidents.

—Mr. John N. Manger, Pottsdam, Pa., says: "Brown's Iron Bitters completely cured me of dyspepsia and general debility."

"The colossal hyphen between New York and Brooklyn" is what the sprightly New York Star calls the big bridge.

"A Blessing in Disguise." 481 ADELPHI ST., BROOKLYN, N. Y., March 29, 1881.

No family should be without Alcock's Porous Plasters; their healing powers are wonderful and their efficacy far-reaching and lasting.

For years I have seen and known them to cure and relieve the most obstinate and distressing cases of rheumatism, kidney complaint, bronchitis, neuralgia, lumbago, inflammation of the lungs and throat, paralysis, asthma, spinal weakness, and coughs and colds. In my own case they have afforded almost instant and permanent relief. My friends consider them an invaluable and speedy remedy for all kinds of aches and pains. They are a blessing in disguise, and no wife or mother should be without them if she values her peace and comfort and freedom from nervous exhaustion and other ailments. As a strengthening plaster, also for backaches and weaknesses, they have no equal. I never yet found a plaster so efficacious and stimulating, or to give so much general satisfaction. Used in connection with Brandt's universal life-giving and life-healing Pills, no one need despair of a speedy restoration to good sound health.

MRS. E. TOMPKINS.

ONE TRIAL. If you have been using other Plasters one trial of Alcock's Porous will convince you of their wonderful superiority. Take no other so-called porous plasters that claim to be better, they are all frauds gotten up to sell of the world-wide reputation of the genuine article.

A CARD. To all those who are suffering from the eruptions and indigestions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City, N. Y.

NEURALGIA. If you have been using other Plasters one trial of Alcock's Porous will convince you of their wonderful superiority. Take no other so-called porous plasters that claim to be better, they are all frauds gotten up to sell of the world-wide reputation of the genuine article.

NEURALGIA. If you have been using other Plasters one trial of Alcock's Porous will convince you of their wonderful superiority. Take no other so-called porous plasters that claim to be better, they are all frauds gotten up to sell of the world-wide reputation of the genuine article.

A NOTED DIVINE SAYS! Dr. J. J. Purvis says: "For ten years I have been a martyr to Dyspepsia, Constipation and Biliousness, and have used every medicine recommended to me; I used them till I was almost dead. I am now perfectly cured, and I have gained forty pounds since I used your pills. I have gained forty pounds since I used your pills. I have gained forty pounds since I used your pills."

A TORPID LIVER. Loss of Appetite, Nausea, Bowels costive, Pain in the Head, with a dull sensation in the back part, Pain under the shoulder blades, Fatigue after eating, with a disinclination to exertion of body or mind, Dropsical swellings, Low spirits, Loss of memory, with a feeling of having neglected some duty, Headaches, Dizziness, Sore Throat, Scurvy, Hemorrhoids, Restlessness at night, highly colored Urine.

IF THESE SYMPTOMS ARE DEVELOPED, SERIOUS DISEASES WILL BE DEVELOPED. TUTT'S PILLS are especially adapted to such cases. One dose effects such a change of feeling as to stimulate the system, and thus turns an aching, jaundiced liver into a healthy one. Sold by Druggists, Grocers, and Dealers. Price, 25 Cents. Office, 25 Murray St., New York.

TUTT'S HAIR DYE. Gray Hair and Whiskers rendered black by the application of this hair dye. It is the only hair dye that is not injurious to the hair. It is the only hair dye that is not injurious to the hair. It is the only hair dye that is not injurious to the hair.

ROYAL BAKING POWDER. Absolutely Pure.

THE NEW PATENT DUST-PROOF Stem Winding Open Face Case, MANUFACTURED BY THE AMERICAN WATCH CO., Waltham, Mass.

This case is formed in one solid piece without joint or seam, opening in front only, and avoiding the usual cap, and securing greater strength and durability.

These Watches are all open face. The bezel, into which an extra strong crystal is fitted with an especially prepared water-proof cement, is attached to the case by screwing it thereon, and thus forms an airtight junction with the body of the case, which is proof against dust and moisture.

To railroad men, travelers, miners, lumbermen and others who are almost constantly exposed and who have to make frequent references to the watch, these qualities are of the utmost importance.

The Following Letters Tell their own story.

"VALDOSTA, GEORGIA, July 30, 1883. 'I sold one of your Patent Dust-Proof Cases about two months ago, and the other day it came back to me with the request to make it wind again. On examination I found that the stem was rusty, and I inquired into the cause of it. The gentleman stated to me that he was starting some saw-logs that had lodged in the bend of the river, when his chain caught in a bush and threw his watch into about twelve feet of water, and he was about two hours finding it. When he got it out it was running and he thought all right. In about three months he found that the stem was hard to turn and sent it to me."

I can say that the watch is all that the company claims for it and recommend it to all railroad and mill men.

"CLINTON, IOWA, April 29, 1883. 'I wish you would send me a spring for the Wm. Elery Watch.' By the way this Elery is a watch I sold in your screw Bezel Case to a farmer last fall. The first of January he lost the watch in the woods, and found it this week in about a foot of water. It had lain two months and over in spring water, and with slight injury to the watch—only a hair-spring."

C. S. RAYMOND.

The above were very severe tests, and demonstrate beyond a doubt, that for any reasonable length of time during which a watch might be under water it would receive no injury whatever.

We make these cases in both gold and silver, and as a Perfectly Dust-Proof Stem Winding Watch Case, Challenge the World to do better.

For Sale by all First-Class Jewelers

KIDNEY-WORT. THE GREAT CURE FOR RHEUMATISM, GRAVEL, GOUT, BRUISES, SORES, ULCERS, SALT RHEUM, TETTER, CHAPPED HANDS, CHILBLAINS, CORNS, AND ALL KINDS OF SKIN ERUPTIONS, FRECKLES AND PIMPLES. Get Henry's Carbolic Salve, as all others are counterfeits. Price 25 cents.

—The consciousness of wrong-doing is to the soul what a forgotten peg in a boot is to the foot. You can't be happy until you do something about it.
