BUTLER CITIZEN.

MISCELLANEOUS.

A MALARIAL VICTIM.

The Trying Experience of a Prominent Minister in the Tropics and at the

TO THE EDITOR: The following circumstances, drawn from my personal experience, are so

important and really remarkable that I have felt called upon to make them public. Their truth can be amply

In 1875 I moved from Canton, St. Lawrence county, N. Y., to Florida, which State I intended to make my future residence. I purchased a home on the banks of the St. John's river and settled down, as I thought, for life. The summer following the first winter I was conscious of most peculiar sen-sations which seemed to be the accompaniment of a change of climate. I felt a sinking at the pit of the stomach felt a sinking at the pit of the stomach accompanied by occasional dizziness and nausea. My head ached. My limbs pained me and I had an oppressive sense of weariness. I had a thirst for acids and my appetite was weak and uncertain. My digestion was impaired and my food did not assimilate. At first I imagined it was the effort of nature to become acclimated and so I thought little of it. But my troubles increased until I became restless and forerish and the physician informed me feverish and the physician informed me feverish and the physician informed me I was suffering from malarial fever. This continued in spite of all the best physicians could do and I kept growing steadily worse. In the year 1880 my physicians informed me a change of climate was absolutely necessary—that I could not survive another summer in the south. I determined to return north, but not to the extreme portion, and so I took up my residence at Upper Sandusky in Central Ohio. The change did not work the desired cure and I again consulted physicians. I found they were unable to effect a permanent and when the extreme warm weather of summer came on I grew so much worse that I gave up all hope. At that time I was suffering terribly. How badly, only those can appreciate who have contracted malarial disease in tropical regions. It seemed as if death would be a relief greater than any other blessing. But notwithstanding all this, I am happy to state that I am to-day a perfectly well and healthy man. How I came to recover so remarkably can be understood from the following card voluntarily published by me in the Sandusky, O. Republican,

EDITORS REPUBLICAN: During my recent visit to Upper Sandusky, so many inquiries were made relative to what medicine, or course of treatment had brought such a marked change in may system, I feel it to be due to the proprietors and to the public to state that Warner's Safe Kidney and Liver Cure accomplished for me what other medicines and physicians had failed to do. The malarial poison which had worked its way so thoroughly through worked its way so thoroughly through my system during my five years resident and the system of the system my system during my five years residence in Florida had brought me to the dence in Florida had brought me to the verge of the graye, and physicians had pronounced my case incurable; but that is not to be wondered at, as it was undoubtedly one of the worst on record Hough Brothers, of your city. was undoubtedly one of the worst on record. Hough Brothers, of your city, called my attention to the medicine re-ferred to, and induce me to try a few bottles. So marked was the change after four week's trial that I continued the cure is complete. This is not written for the benefit of Warner & Co., but for the public, and especially for any person troubled with malarial or

Such is the statement I made, without solicitation, after my recovery, and such I stand by at the present moment.

I am convinced that Warner's Safe
Cure is all it is claimed to be, and as such deserves the great favor it has received. A remedy which can cure the severest case of tropical malaria of five years' standing certainly cannot fail to cure those minor malarial troubles which are so prevalent and yet so serious.

ALFRED DAY,

Pastor Universalist Church.

Woodstock, O., May 10, 1883.

-There are some people in this world who have never waked up to fact that there is any other personal pronoun except "I" in the language. They are not conceited, only self-ap-

Baby Elephant.

Barnum is overjoyed with his acquisition—the baby elephant—and declares \$300,000 could not buy it. He. offers \$52,000 for an insurance of the life of the infant for 52 weeks. Surely, if he knew the full value of Peruna d Manalin, he would do no such foolish thing, as they are the most successful protective medicines that have ever been introduced to the human family. No one can take any disease while taking Peruna before each meal, and keeping the bowels reg-ular with Manalin. Ask your drug-gist for the book on the "Ills of Life.

er is likely to be as successful as to light a cigar at a pump.

-Mr. B. S. Heindel, Hellam, Pa says: "I used brown's Iron Bitters for dyspepsia and was much pleased with the result."

it sometimes seems to do so, when a person wears half mourning that her friends are half dead.

**"It is easier to convince a man against his senses than against his will." When a sick man has given Kidney-Wort a thorough trial, both will and senses join in unqualified ap-proval of its curative qualities in all diseases of the liver, kidneys and

—It was, of course, an Irishman in his very best mood who said that the landlords are so grasping that they take a tenth of all the tenants have, and they would even take a twentieth if the law allowed them to.

When Ladies are Attractive.

All ladies know their faces are most attractive when · free from pimples. Parker's Ginger Tonic is popular among them because it banishes im-purities from blood and skin and makes the face glow with health.

"An infant crying in the night,
An infant crying for the light,
And with no language but a cry."
The child was in pain, and knew no better than to cry until morning, or until somebody brought him something to relieve his suffering. Everybody who has the care of a small child should remember that the little fellow's pains and gripes are ever more severe to him than corresponding pains would be to a big man. Acting on this, it is wise always to have Perry Davis's Pain Killer on hand.

-He is a model Christian who does half the good he talks of. Good talkers generally leave the routine of doing to other people.

-"Five Dr,'s: no end of medicine: n relief. Dr Benson's Skin Cure has driven away all eruptions and Pm nearly well." Ida C. Young, Hamil-ton, Ill., Druggists keep it, \$1 per package.

-Logic sometimes halts. It does not always follow that the man who eats figs is therefore seedy, nor that the boy who eats dates will grow up

HOW WATCHES ARE MADE.

In a Solin Gold Watch, aside from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraved portions in place, and supply strength. The surplus gold is actually needless. In James Boss' Patent Gold Watch Cases this WASTE is saved, and SOLIDITY and STRENGTH increased by a simple process, at one-half the cost. A plate of SOLID GOLD is soldered on each side of a plate hard nickel composition metal, and the three are then passed between polished steel rollers. From this the cases, backs, centers, bezels, etc., are cut and shaped by dies and formers. The gold is thick enough to admit of all kinds of chasing, engraving and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each case is accompanied with a valid guarantee signed by the manufacturers warranting it to wear 20 years. 150,000 of these Cases now carried in the United States and Canada. Largest and Oldest Factory. Established 1854. Ask your Jeweler.

The Boss watch cases with any kind of movement desired, can be had of E. GRIEB,
