

BUTLER CITIZEN. WEDNESDAY, JAN. 23, 1884.

New Advertisements. Application for Charter-Postal Telegraph Company. Farm in Butler township for sale. Watches, Jewelry, etc.-E. Grieb.

LOCAL AND GENERAL.

A cold in the head. What need be said. Uglier, stupider, more ill-bred; Almost any other disease. But who can see the good in that?

Butler before Second Ward, will vote at the Wick House. Kleber Bros. & Stauffer presented us with some music, Monday.

Agent Green, of the West Penn R.R., is proud of his handsome offices. One of the best farms in the western part of Butler township can be had at a bargain.

Saturday, Feb. 23, will be the last day on which accounts for presentment of next March Term can be filed at the Register's office. Mr. Samuel T. Marshall, of Martinsburg, was elected by the County Commissioners, last Saturday, to be their Clerk for this year.

During the past year eleven new Granges have been organized in this State, ten re-organized and over 1,000 members added to the order. 2320 members were reported in the United States and Canada for last year, and 1,548 suicides. There were 146 legal executions and 173 legal.

Hereafter the assessors will be required at the triennial assessment to return the number of acres of timber and the number of acres of cleared land in each tract in separate columns. Sewing Machine attachments and repairs of all kinds, at E. Grieb's Jewelry store.

The Commissioners of Mercer county have entered judgment against thirty-three tax collectors who have failed to settle up their duplicates for 1883. Spang's \$20 sewing machines are "going off like hot cakes." Their estimate call for \$25,000 worth of property was consumed in the United States and Canada.

Onions.-If you want to grow good onions send to Joseph Harris, Rochester, N. Y., for his new seed catalogue for 1884, with directions for cultivation. Mr. Harris is an old direction for the best seed at the lowest wholesale rates. Harrisville was in town on Monday last week from Tuesday morning till Thursday evening, attending the arbitration in the case of Kyle Kerr, which resulted in a decision for the defendant.-Kerr.

Go to H. Biehl & Co., for Phosphate Grain Drills, Plovers, Fruit Exports, etc. The Poor Directors of Mercer county, last week made their annual requisition upon the commissioners of that county for the amount needed, according to their estimates, for the maintenance of the poor in that county during the present year. Their estimate call for \$25,000, the largest amount ever required before.

A prominent citizen of Allentown undertook to drink from the hydrant one cold morning recently. His lips fastened to the iron pipe. He could not pull on the handle for help, and finally the pipe was cut from the hydrant, and the man with a piece of pipe attached to his lips was taken in to the fire.

MARKET GARDENERS know the importance of getting good fresh seeds to plant, and will be glad to know where to find them. We advise them to send to Joseph Harris, Rochester, N. Y., for his new seed catalogue for 1884 with directions for cultivation, free. Mr. Harris is a well-known farmer and seed grower, and has the best of seeds at the lowest wholesale rates.

Sheriff Douds, of New Castle, loaned his \$500 team to a friend to take to a place to see his wife in the country, and while returning home on a winter day he was overtaken by a horse thief, which is of iron spiked railing, they attempted to jump it, when one horse broke a leg in two places and had to be killed, and the other caught on the spikes and was dismembered.

Floral Hall, on the grounds of the Agricultural Association of this county, was opened to the ground, by the weight of snow on the roof, early last Saturday morning. The roof fell in, and the water ran down the pipes, and a small part of the west wall fell out. There were a large number of agricultural machines in the building at that time and they were all more or less injured.

Mr. Lewis Cochran, the night watchman of the Court House, overheard himself snoring while sitting on the bench, and while sitting on the bench, he became unconscious and had to be carried home. The entire right side of his body and head was paralyzed, and he lay on his back in the left side of his head. He was compelled to keep his bed for several days, but is now able to be up.

More Valuable than Ever. We call our readers' attention to the value, usefulness and direct profit of supplying themselves this year with the American Agriculturalist, the cheapest as well as the most valuable journal in the country. Every number contains one hundred columns of original reading matter, by the leading writers of the country, upon all topics connected with the Farm, Garden and Household, and nearly one hundred engravings made especially for the American Agriculturalist. The paper, now in its 43d year, is unquestionably more valuable than ever before. Each number brings fresh evidence that no time or money is considered where the interest of the paper is at stake. Its House Plans and Improvements, profusely illustrated, are worth more than any costly architectural works. Its persistent and fearless exposure of humbug and swindling schemes, is of great value to the whole country, particularly the farming community. In short it has something good and valuable for everybody. Owing to a special arrangement with the publishers, we are enabled to offer the CITIZEN and the American Agriculturalist for one year, and the engravings "Foes or Friends" and "In the Meadow" for \$2.75.

Why They Call Him "Old Man." "Yes, that's really so," said Jenkins, "my hair is turning gray and falling out before its time. Use something? I would, but most hair restorers are dangerous." True, answered his friend, "but Parker's Hair Balsam is as harmless as it is effective. I've tried it, and know. Give the Balsam a show and the boys will soon stop calling you 'Old Man Jenkins.'" Struggling in the Sea. NEW BEDFORD, MASS., Jan. 18.-The steamship City of Columbus, of the Boston and Savannah Line, went ashore this morning off Gay Head, Martha's Vineyard. The vessel soon broke up. One hundred persons were captured overboard and lost. Captain Wright has made the following statement regarding the loss of the vessel: "The City of Columbus left Boston at 3 P. M. on Thursday, carrying eighty passengers and a crew of forty-five. At 3:45 A. M. to-day, Gay Head Light rearing South half East, the vessel struck on the outside of Devil's Bridge buoy. The wind was blowing a gale and the sea was running high. The vessel was fully loaded and keeled over, the water breaking in and flooding the port side of the saloon. All of the passengers excepting a few women and children, came on deck, nearly all wearing life preservers. All of the boats were cleared away, but were immediately swamped. A majority of the passengers were washed overboard. Seven passengers left the vessel on a life raft, and about forty more took to the rigging. At 10:30 A. M. the Gay Head life boat put off and took seven persons. Another life boat put off between 12 and 1 o'clock. The revenue cutter Dexter came along at about 12:30 and sent off two life boats.

Petrolia and Its Bank. PETROLIA, January 15.-On the announced determination of H. L. Taylor & Co. to close their bank here on the first of the year, H. Lewis & Co., purchasing agents of the Standard Oil Company, who pay out more than a half million dollars annually, prepared to move their business Millertown, as Petrolia would be without a bank. Taylor & Co. now say they will continue their bank, and the talk of a private bank has ceased. Business men were becoming alarmed at the loss of the only bank.

A man arrested for certain offenses is like a leaping fish. He goes below if he is not baited out. A diet of mush is said to be very fattening. Those who have tried it acknowledge the corn. Women always show by their actions that they greatly enjoy going to church; men are less demonstrative.

IF YOU WANT a good Lunch, Square Meal or an Oyster Stew go to Morrison's City Bakery. Songs Never Sung. "How does that verse run? Something like this, isn't it? There are who touch the magic string, And noisy fans are proud to win them; Alas! for those who never sing, But die with all their names in them." "Yes, that's beautiful, pathetic and true," said your representative. The poet alludes to people who are some how superior, and never get their full allowance of joy and air. Which reminds me of a man I met at the office of H. Lewis & Co., of New York, signed by Mr. E. C. Williams, of Chapman, Snyder & Co., a prominent business man that place. He writes: "I have suffered with asthma for over forty years, and had a terrible attack in December, and January, 1882. I hardly know what prompted me to try Dr. Freese's Water Cure. I took four doses. The effect astonished me. I feel like a new man. I have had colds with me, and have never since. I have had colds since, but no asthma. My breathing is now as perfect as I have ever known. I have never since after forty years. There was a man who escaped me, but I have never known him since. This preparation, which has heretofore been sold by the name of 'Water Cure,' is advertised and sold under the name of 'Dr. Freese's Water Cure.'
