—It is said of Prince Bismarck that he eats at one meal enough for half a dozen persons in good health. This explains his strange anti-pathy to the American hog. It is jealousy.

—The scarcity of bank notes of a less denom-ination than five dollars has created a demand for silver dollars, that few would handle if small notes were to be had. —The erection of steel works at Wampum, Lawrence county, is now a fixed fact. The ground has been selected and the work of building will be commenced at once and hur-ried to completion.

Capt. John G Bippus, of Oakland township, met with a serious accident last Friday evening. He attempted to milk a vicious cow, when the animal knocked him over and tramped him, breaking one of his legs at the ankle. We are sorry to hear of this accident to the Captain, who is one of our best citizens.

—Oil is worth but 94 cents a barrel at present, a figure at which it hardly pays to produce it. The would-be-burglars entered the cellar through the front coal hole but were unable to force an entrance into the store-room. Not finding one they cut into some trees they supposed to be maple, but were swamp hemiocks, and drank the sap which collected. The business of the company and of the Mining and Manufacturing Company is being rapidly adjusted, and claims due employees or other creditors will be paid soon. Mr. J. T. —Four log and frame buildings, all within a short distance of each other, on the Kerr and Braham farms in Cherry township, and Galloway and Christy farms, in Washington township, were destroyed by fire last Tuesday night. Nobody lived in either building at the time, and how it came about that they all burned the same night is beyond comprehension, but it is supposed they were all set on fire by lightning—though one of the spectators was heard to remark that he didn't see how thunder and lightning could have set out a table that was to remark that he didn't see how thunder and lightning could have set out a table that was in one of the buildings. These little houses that are scattered through the country and through the towns are a good thing for poor people, but sometimes the people who live in them are a perfect nuisance to their neighbors. We have known such to be the case in Butler, and such may have been the case regarding these buildings.

The gathering green in the meadow and park, the reddening tints of the maple, the simil boy digging bait in the back yard, the glowing form of the sucker as he dangles from the string in the hands of said boy, the song of the vernal birds, the crocus peering forth to meet the sun, the panorama of passing paint pots and whitewashing implements, the aroma of sassafras floating out from the domicil of the respected fellow citizen, the parties gaily filing in at the drug shops for blue mass, the muffled thunder of the carpet-whacking—all these phenomena, with a variety of others, says the cheerfal editor of the Franklin News, says the cheerfal editor of the Franklin News, are the welcome announcers that Spring is here and is running things in the old fashioned way.

The report that suits have been entered in the District Court at Pittsburgh against the Saxonburg hotel keepers, Dr. Mershon and Henry Keasy, for selling liquo: without a U.S. license is said to be untrue. Deputy-Collector Silverman was interviewed in Pittsburgh a few days since and said: "I suppose that story originated from a visit I made to Saxonburg, Butler county. I did not go in the garb of a laborer, but as I always go, and went to the hotel and registered myself; neither did I loo there on business particularly, but I did there as I always do if I notice any infraction of the revenue laws, I call their attention to it and if there any penalities for not complying with the law I notify them. As far as Bowman is concerned I notified him that he had no license, he said he knew that but presumed it was the duty of the revenue officers to call around and collect it, and when I told him different he at once asked the amount and paid it, and the penalty, too. I think the papers have it mixed, as I judge they are being prosecuted for not having a county license."

Suspicion pointed toward Berner and a negro named Joe Palmer, who were arrested, and confessed the crime. On trial Berner testified that Palmer did the killing, while he (Berner) only looked on, and got a share of the money. The return of the verdict of manslaughter in a case where cowtardly brutal murder was so evident to treated a feeling of the utmost indignation, the Judge who tried the case himself declaring it an outrage. The jury on leaving the court room were hooted at by the crowd, and several suggestions that they be hanged were made. Republicans of Butler County.

My competitors for the delegateship to the National Convention, have thought it necessary to advertise in the Pittsburgh papers their Republicanism and the fact that they would obey instructions if elected, and having understood that they have been circulating the report that I was for Arthur, I now say to you that before aunouncing myself as a candidate, I knew as I know now, that Butler county was solid for Blaine and Lincoln, and if elected I will use my best endeavors to have them nominated at Chicago.

A Card.

On the 24th of February, 1884, some of the Henshew Charge visited the pastor, J. May, and his family at the parsonage. After spending some time in a very pleasant and social way, all present partook of a very sumptous dinner. After which all were invited into the parlor where Rev. P. C. Prugh made a very appropriate address, closing with payer, after which all returned home, leaving behind them many tokens of regard, amounting in all to \$36, for which the kind doners have our most hearty thanks.

May the Lord abundantly bless you all.

This notice was kept back by request.

"TO THE JAIL"-PRIDAY NIGHT'S WORK. When the Music Hall meeting adwere pouring out of the hall, the cry, must have numbered 10,000 men. The approach to the jail was made rapidly and quietly. Sheriff Hawkins, expecting some demonstration, had thirteen deputies on guard in his office. They were soon startled by a heavy blow on the outside door, and they immediately realized that an attack was being made. Sheriff Hawkins then called up Fire Marshal Bunker by telephone and the riot alarm was sounded. The mob had brought up a long, heavy oak plank and used it as a battering ram. They began operations on the north outside door. The blows rained fast and strong but the iron door resisted every effort to force it. Then the excited men on the outskirts of the mob, growing impatient at the delay, and determined to do some thing to show their indignation, began to throw stones at the buildmen handling the battering ram redoubled their efforts. For full threequarters of an hour the blows were rained upon the door without effect. and the mob became frenzied and uncontrollable. A proposition to set fire

The blows were quickened and rang out on the night air as though they came from a steam Suddenly the doors flew off their hinges and the howling mob rushed
