An Avaricious Age.

A great many people call the present age an avaricious one. The American, as a rule, thinks of the almighty dollar in all of his transactions, whether in the pursuit of wealth, helth or pleasure: The general tendency of our race is toward excess, and this should be carefully guarded against. The love of money is generally credited with being the root of all evil, but all people seem to be after plenty of the root. It cannot be told from the phraseology of the following whether the writer in-tended a wholesale cure or whether he wished to go into a little speculation.
