The Jamestown, N. Y., papers mention weekly the arrival of couples from the western counties of this State, to be married. It is strange that people with any degree of prudence and sense would go to expense and trouble to avoid the excellent provisions of the marriage laws of Pennsylvania, for the loose and reckless habit of New York. The registration of a marriage is of very great importance, and chiefly to the immediate parties to it. The benefit of it will extend to remote descendants. Estates have been lost, pension claims rejected, and many other difficulties have come from the want of proof of a marriage.
