dound to their great joy that this medicine really did cure these diseases.

367 Fulton St., Brooklyn, N. Y.
After suffering for nearly two years with a continuous attack of rheumatism; after trying almost every specific, domestic and foreign, which the credulity of a wise man, or a fool, might lead one to trust in, it was a double pleasure to me to find a remedy which, originating in the famous "City of Elms"—the home of my ancestors and its first founders—has proved so invaluable a blessing. It is nearly six months since I was led to trace out the significance of that word Athlophoros. It has proved to me, in a good degree, a renewer of my former vigor and strength, so that I have been enabled to move about with almost youthful activity, and to feel, while approaching my "three score years and ten," that I have a new hold on life. I believe your philosophy of the disease to be correct that it has its origin in the blood, and that your remedy touches those joints and muscles, loosening the nodes, which have been brought into subjection to this dreadful disease, and sets them free as no other remedy that I have tried. I have been cautious for so long a time in recommending it to others till I had tried its efficacy in my own case; and I am now free to state the estimate I put upon it, as the safest and most efficient cure I have any knowledge of.

A. B. DAVENPORT.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage naid) on receipt of regular price, which is \$1.00 per foottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impurs blood, &c., Athlophoros Pills are unequaled.

A Rather Novel Nut to Crack. From Chicago Herald.]

There is something about a puzzle which enlists the attention of old and young. Few people there are who do not like puzzles, particularly if they are neat ones and not too difficult of solution. Here is a new railway puzzle. A locomotive is at a Y,

headed east, and it is desired to turn the engine so that it shall face the west. But there are three cars standing on the Y, and these cars must be left standing where they are when the locomotive finally pulls away. Another diffiulty is that the top or projecting part of the Y (marked F) is only long enough to contain the loconotive or one car at a time, and will not hold the locomotive and a car together. How is the locomotive to so shift the cars as to turn itself, and at the same time leave each car in its original position before departing on its journey? It can be done.

That Tired Feeling

Season is here again, and nearly every one feels weak, languid and exhausted. The blood, laden with impurities which have been accumulating for months, moves sluggishly brough the veins, the mind fails to think quickly, and the body is still slower to respond. Hood's Sarsapa-rilla is just what is ueeded. It is, in a peculiar sense, the ideal spring medicine. t purifies, vitalizes and enriches the ood, makes the head clear, creates an appetite, overcomes that tired feeling, and imparts new strength and vigor to the whole body.
