THE CITIZEN.

MISCELLANEOUS.

A BED TIME SONG.

Sway to and fro in the twilight gray,
This is the ferry for Shadow town;
It always sails at the end of day,
Just as the darkness is closing down.

Rest, little head, on my shoulder so;
A sleepy kiss is the only fare;
Drifting away from the world we go,
Baby and I in the rocking chair.

See, where the fire logs glow and spark,
Glitter the lights of the Shadowland;
The winter rain on the window—hark!
Are ripples playing upon its strand.

There, where the mirror is glancing dim,
A lake lies shimmering, cool and still;
Blossoms are waving above its brim—
Those over there on the window sill.

Rock slow, more slow, in the dusky light;
Silently lower the anchor down.
Dear little passenger say "Good night,"
We've reached the harbor of Shadowtown

—Lilian Dynevor Riee in St. Nicholas.

COMMUNICATIONS.

Letter From Kansas.

LYNDON, KAN., June 8, 1887.

EDS. CITIZEN:—Beautiful weather and everybody in a good humor.

More rain fell last night than has fallen for the past year. The farmers are happy and think there are worse places in the world than Kansas.

What splendid rains we are having. The wicked chintz bug has about suspended business and oats will make a fair crop after all.

Name the town in Kansas of twelve hundred inhabitants that has over six miles of side walk and every foot of which is in good condition, with six blocks of ten feet walks, that is what you can see in Lyndon.

CROP OUTLOOK.

I have within the past week been over much of the country, and with the exception of the oat crop, there never was, on the 7th day of June, a better prospect for an abundant harvest. There are thousands of acres of corn in Osage county that will average four feet high.

Mr. Sylvester Campbell, late of Prospect, Pa., is tending 110 acres, that will yield 10,000 bushels, if the season is good.

Prospect Boys, think of that!

Everything goes West. Even the Star of Bethlehem that nearly eighteen hundred and eighty-eight years ago shone out so brilliantly in the east, has been sighted by a Kentuckey Astronomer shining out in great beauty over northwestern Kansas.

One reason why Kansas towns are enjoying such a boom, and spending so much money in improvements is, that before prohibition, she sent out more than $27,000,000 for liquors. Last year she sent out but $7,000,000. The difference is used at home, and the results are plainly seen every day,

Cherryvale has struck both coal and gas, and a company with a capital of $200,000 has been organized to develop both,

At Oil Springs, Arkansas, pure coal oil can be dipped with a cup. I would advise some Butler county company to invest.

In Wichita according to returns, since last July, 1,999 residence houses have been built.

The water in the Maiasdescygues River is running for the first time in the last year.

E. L. E., "THE SPY."

—"Oh! if I had only known that in time." Known what? "Known that a simple cold in the head may develop into chronic catarrh," Well, it isn't too late, for Ely's Cream Balm will cure catarrh even after the sufferer's life has become a burden to him, and he a nuisance to his friends. It is the only radical and thoroughly scientific catarrh cure known. Not a snuff. Not a liquid. Price fifty cents.

Drunkenes or Liqour Habit, Positively Cured by administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it, is absolutely harmless and will effect a permanent and speedy cure whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken the Golden Specific in their coffee without their knowledge, and to-day believe they quit drinking of their own free-will. IT NEVER FAILS. The system once impregnated with the Specific it becomes an utter impossibility for the liquor appetite to exist. For full particulars, address GOLDEN SPECIFIC Co., 185 Race St, Cincinnati, Ohio.

—"Can the red man be civilized?" asks Z. L. White of the American Magazine. Experience has shown that he can—with a club.

Astonishing Success.

It is the duty of every person who has used *Boschee's German Syrup* to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to reccommend it to the poor, dying consumptive, at least to try a bottle, as 80,000 dozen bottles were sold last year and no case where it failed was reported. Such a medicine as the *German Syrup* cannot be two widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cts. Regular size, 75 cents. Sold by all druggists and dealers, in the United States and Canada.

—The great secret of avoiding disappointment is not to expect too much. Despair follows immoderate hope, as things fall hardest to the ground that have been nearest to the sky.

A Lady's Perfect Companion.

PAINLESS CHILDBIRTH, a new book by Dr John Dye, one of New York's most skillful physicians, shows that pain is not necessary in Childbirth but results from causes easily understood and overcome, It clearly proves that any woman may become a mother without suffering any pain whatever. It also tells how to overcome and prevent morning sickness, swelled limbs, and all other evils attending pregnancy. It is reliable and highly endorsed by physicians everywhere as the wife's true private companion. Cut this out: it will save you great pain, and possibly your life. THE BALL MATCH.

The pitcher fired the ball to twist it;
The batter struck so hard he missed it.

The catcher caught the ball and dropped it.
Then rolled it to the pitcher who stopped it.

The pitcher then to the batter socked it;
The batter shut his eyes and knocked it.

The shot-stop jumped for the ball from habit,
But jumped not high enough to grab it.

The left field from the ground he picked it
And to the first base quickly slicked it.

The first base tried but didn't catch it,
And then raced after the ball to fetch it.

The batter went like lightning greasy
And made the second and third base easy.

The first base got the ball and roughed it
To the third base chap who muffed it.

The batter scooted for home a-flying
And tumbled over the base a-dying.

The crowd set up a terrible yelling,
And charged the players with game a-selling,

And first to the umpire gave a cuffing,
And kicked right out of him the stuffing.

The gate keeper laughed at the fun so funny
And then skipped off with the boodle money.

Cheap Life Insurance.

Twenty-five cents will buy a box of Tutt's Pills. They will restore the functions of the liver, stomach and bowels. If these organs act well a long and healthy life is assured. Make the investment.

In the above table the letter O represents a bartender. The stars represent twenty-one jolly students seated around a table. After each one had treated they resolved that the expense should be put upon the bartender. So they agreed to commence at one side of the table and count around, bartender included. Every time 7 was counted, one—the seventh—was to go out, and the man left inside was to settle. From which man must they have commenced to count, in order to leave the bartender to pay the bill?

A New Medicinal Plant.

A very interesting discovery that a plant well known in India, which is entirely harmless, destroys the power of tasting sugar, has been recently published in *Nature* by Prof. Thistleton Dyer. The plant is the gymnema sylvestre, growing wildly in the Deccan Peninsula, and also met with in Assam and on the Coromandel coast A late Governor of Madras and other residents of India who have tested the properties of this plant certify that chewing two or three leaves of it absolutely abolishes the tongue's power to taste sweetness. Prof. Dyer's experiments with leaves sent to him at Kew, in England, corroborates their testimony.

This plant is likely to prove a most valuable addition to modern materia medica.

Its power to destroy the taste of sweetness suggests its use by physicians to correct morbid craving for sweetmeats, which is a source of widespread disorders of digestion. Gen. Elles, of Madras, is reported as having found that gymnema abolishes "the power of enjoying a cigar." While smokers may not relish this, physicians may prize immensely a plant which, administered to patients who use tobacco to excess, would for a time, at least, check inordinate smoking. The power of the plant to render tasteles many drugs which are extremely nauseous promises to commend it to the medical profession.

Things Are Different.

A boy was going down the street
With his elbow in his ear,
Inquiring the price of fire works,
He said t'was strange but queer.

When he came along by No. 3
His heart began to cheer;
With one tremendious yell and bound
He pulled his elbow out of his ear.

And bought one p'k of fire crackers
For 5 cents,
And told every boy in town
Where Robinson's store was.

Then a dozen boys or more
Came running in to price them,
And said they never saw before
Such wonderful reduction.

Hurray for the Fourth, boys,
We will buy our fire works here,
For we can save more money
Than we can make in a year.
