Rustless iron is being manufactured in New York by a new process which, it is claimed, converts the sur-face of the metal into magnetic oxide of iron. This is done by subjecting it successively to the action of highly heated air and carbonic oxide gas from coal fires. The hot air converts sfactory results to water pipes and architectural work.

While other merchants are singing their own praises, we cause our customers to acknowledge that our method of desling is the best, our goods second o none, in fact superior to many usually kept and sold as THE BEST. "Butler and urrounding country needed such a store as this," is the general encouraging words our customers give us, "and people will be fast finding it out too." We keep good and well made goods only. Our cheapest garment is sewed with first-class thread, trimmed, lined and made up in a substantial manner. Our medium and better grades take rank with any Custom-made in the way of fitting and make up, while our FINE DRESS SUITS must be seen to be appreciated. OUR PRICES are decidedly the lowest. In short we desire to state that we keep a full line of
