The Rev. E. A. Stafford, M. A., L. L. B., of the Methodist Church in his fraternal address to the General Conference of the Methodist Episcopal Church lately convened, after speaking of the advanced position occupied by the churches of the Dominion in relation to the great temperance reform said-"In other respects we have much to encourage us in relation to public morality. We have a quiet Sabbath. There is not a Sunday. But we have sense enough to know that this immunity is due to the absence of the vast European population which throngs nearly all great cities. American families here, are no doubt, as particular in the observadce of Lords day as the people

of Canada are." Here is food for thought. It is well known that our Holy Christain Sabhath is fast becoming a day of feasting, lawlessness and drunkenness throughout our broad land especially in the largest cities. The Continental Sabbath will soon displace the quiet, peaceful day of rest which our orefathers left a precious legacy to us, a legacy the value of which we have been slow to appreciate. Only now as it seems slipping from our grasp are we beginning to awaken to its importance.
