Never Won Trade.

The reason why we are having such a large and increasing trade in Boots and Shoes is because there is merit in them:

1st. Our ladies shoes are elegant and stylish in appearance.
2nd. All material used is the best, selected with special reference to its wearing qualities.

3rd. The soles are flexible rendering the boot exceeding easy and com-fortable to the wearer.

4th. By special method of designing patterns and lasts any lady wearing a pair of our fine boots will find that her foot will have a much smaller appearance than with ordinary boots

5th. We have twice the different styles to select from of any other house in Butler. Sell to each and every customer at the same price. Sell good goods-not shoddy-at lower prices than inferior goods are sold for in other houses. Buying in large quantities direct from the manufacturer, for cash, we don't buy from the middleman and don't pay est on borrowed money invested in the business either.

The great majority of people of Butler county are looking for boots and shoes that can be sold at a reasonable price and yet give good ser

We say fearlessly and proudly, know-ing that it cannot be disputed, these are the most stylish and best boots made at the price.

We say the same for our men's, boys' and youths' fine shoes. Trade never was so large, the styles and prices do it.
