single line of railroad across Western Pennsylvania had not yet commenced the

and rugged localities east of the Mississi p pi, or indeed, in the whole world, than that way between Pittsburg and the State Capital. Even to-day the human hivess of industry which ihe mines and blast-furnaces have focused on those bleak hill-sides, cannot boast of much refinement; thirty years ago one of the roughest of rough communties was that which had been drawn together for the purpose of operating the

Coal Company, limited, had not so much as dreamed of its later phenomenal success it was a young and feeble enterprise emoloying not more than fifty or sixty men, chiefly miners. By far the larger number were unmarried, or at any rate had left their wives and families amid more civilized and congenial surroundings than Dent. Scar could yet afford, and these made their headquarters at a frail but rather extensive structure known as the Miner's Hotel. The men who indulged in such absurdly superfluous luxuries as wives and children, occupied little huts and shanties, and for the most part dragged out a checkered existence in squalor and dirt. Of comankind there were positively no inter

sting specimens at Dent Scar-save one. Jen Saxton. He also perceived that the This was Jen Saxton, a girl of 20, the only child and acting housekeeper of an old miner, whose wife had deserted him the Bullock smelled a mouse, or, possibly, merely objected to Jen riding with a mar and his child years before. Doubtless it would have been retter for Jen if her paternal parent had also left her to the tender mercies of the world, before i.e took her into such a God-forsaken and utterly outlandish locality. For the old man (who was when sober, really one of the best miners in the district) spent every penny of his large earnings at the bar of the Miner's Hotel, and, in a community where every full grown man went to bed drunk at least twice a week, was a marked individual-bearing as a peculiar distinction the sobriquet of "Bugjuice Saxton."

Physically, Jen Saxton at 20 was sim ply perfection and a magnificent specimen

en around her could command. The fact that Jen was illiterate mattered ry little at the mine, where none beside supposed to have any requi

r should be Some people would undoubtedly have called the girl coarse, but then one might as well call a lion or a panther coarse. Men do not measure the actions of wild the prospect of a fight—a fight in which apply to rational human beings, and Jen doubtedly utterly annihilate his opponent. apply for divorce, there would hardly be a Saxton was of precisely the same nature The fact that such opponent was the s wild animals. Always when there was whom she had just married counted for nothing now that her old wild nature as-Jen could be found, an eager and intensely serted itself, strong as ever. She was interested spectator. The fiercer the quarrel the more she enjoyed the excitement. It mattered little to her whether game cocks, dogs, tered little to her whether game cocks, dogs, and the more she enjoyed the excitement. It mattered little to her whether game cocks, dogs, and the many city or town in this country and the many city or town in the man oys, men or women fought; and, if human
