Why certainly we are here. Don't you remember we told you a year ago we were going to stay and don't you remember we told you how we had been working for ten years to reach the top of the business, and told you we were nearly there. We told you we were not certain then whether we were the largest dealers in our line in this great state of Pennsylvania. But now we are the largest. Just think of it right here in Butler—the largest wholesale and retail carriage dealers in the whole state—well it is true we have the largest wholesale and we have the largest retail trade. We carry the largest stock and sell cheaper than any house in the state, the amount of business we do enables us to do so. We do not sit around doing nothing till customers come in then size him up and go for all he has we do a straight forward business and having all kinds of grades of work we tell you the quality you are getting every time. Why just think we sell the very same top buggy for \$45 that others sell for \$65, and we keep also the very best hand-made buggies—we keep the best work kept by any dealer. We have harness for \$5 and up, also the very best hand-made harness—in fact we are the only place you can get a really good fine harness. You should look at our stock of surreys—the best you over seen at one place in your life. We had them all made for this year's trade and they are the latest styles, and the finest work too—and spring wagons, we have more spring wagons than you could shake a stick at. UNSOLICITED TESTIMONIALS. Major J. M. Davidson, ex-President of the Lawrence County Wool Growers' Association, and a citizen well known in the county, freely gives the following testimonial to the ability of Drs. Salm & McClellan. The Major says: "I was suffering greatly from a Polypus and with Inward Piles. I had tried local treatment and much medicine with no avail. I read the advertisement of Drs. Salm & McClellan and I concluded to give them a trial. At their last visit to this city they declared me curred and they discharged me. I feel now like a new man. They did everything they agreed to and treated me courteously. They did me a world of good and relieved me of all suffering."

I have been suffering from Insounia (Sleeplessness) and general nervous prostration, dependent upon the former disease for more than three years. I became so weak that I would not be on my feet for an hour at a time; appetite was miserable. I went to Mt. Sinai Hospital at New York City, but without the least benefit. I put myself under care of Drs. McClellan & Salm, who visit New Castle every four weeks, and am now as well as ever, hale and hearty, minus all defects of health.

MAGGIE S. GIBSON, Box 161. These are but two of the many cures effected by the doctors on their visits here. They have several other testimonials of wonderful cures which will be published later.
