steamer Westernland.

The Divine Healers claim a positive miracle, the cure of a confirmed epileptic, at the late Christian Science Convention. The man has been subject to daily visitations of the affliction, and, coming up from Butler county to attend the convention, was taken with a violent paroxysm at one of the sessions, whereupon the Rev. Morrow stepped down from the stage, and, approached the writhing figure, proceeded to east the devil out of him in the good old scriptaral style. His Satanic Majesty made the usual determined fight; but whether the minister, or the convention or what not, be responsible for the change, the patient claims to be sounder, mentally and physically, than ever before in his life.—Pittsburg Times.

In Scranton recently Judge Connolly with a great deal of favor all over the State. Two Hungarians applied for natur investigation satisfied Judge Connolly that the men were not fit to become citizens of the United States, and he peremptorily refused to naturalize them. At the sam time he took occasion to remark that men who had so little interest in a country that they did not learn its language were not qualified to become citizens of that coun try. The court was right. The man who comes to this country with his foreign jargon and refuses to make even an endea or to learn our language has no interest in common with us and he should not be ad mitted to citizenship. Too often these men seek citizenship not for the honor it bears, but with an idea that it will brin them some advantage in a financial way. The people of the State will regard Judg onnolly's action with a great deal of sati faction, and hope it will be emulated b

LATE PROPERTY TRANSFERS.

The Pennsylvania Rairoad Company's Tours to the Sunny South.

There was a time, not many years ago, when the first cold snap drove the seeker after more genial climate to Florida, and this meant several days of tedious journeying; but to-day nothing is thought of it whatever, for, through the medium of the series of winter tours, unler the personally-conducted system of the Pennsylvania Railroad Company, Jacksonville and points even more southern are reached in comparatively few hours, while en route the traveler is enjoying the comforts and delights of a home. Already one of the tours has gone, and four remain to be run from New York to Jacksonville, as follows: Fel-ruary 3d and 17th, Harch 3d and 17. Tourists will travel in Pallman Palace Cars in charge of a Tourist Agent and Chaperon. A limit, as in the first tour, must necessarily be made in order to allow each passenger a double berth, and this limit has been made one hundred and fity.

The round-trip rate, including Pullman accommodations and meals en route in dining car attached to the train, is \$50.00 from New York, \$48.00 from Philadelphia, Baltimore, and Washington. Tickets will be sold from all principal stations on the Pennsylvania Railroad system to a connecting point with the special at proportionately low rates. For detailed information and descriptive tinerary application should be made to ticket offices. Scientific American, Etc.
