Do you see the Point?

Well, if the man in our illustration does not see it, it is not because it is not near his eye. Now we want to place a pointer before your eye. The holiday season is fast approaching. Christmas is coming, in fact it's almost here. Already pleasant sur-prises are being planned; mysterious whispered consultations are being held, and packages of suggestive appearance are being carefully stowed in out-of-the-way places where they will be bid from prying eyes. A Merry Christmas is an old,old theme, yet always new. There is a gener-

tion of little toddlers who this year for the first time will listen at son loving mother's knee to wonderful tales of Santa Claus and other Christma lore more wonderful than all the splendors evoked by Aladdin's lamp will be just as potent as ever in convincing the Young America of to-day that the

Well we are very much gratified to say to all our customers, and those that not customers too, that our trade for the past year has been very much larger than the year previous.

entire satisfaction. With these facts before us our efforts this year will be centered entirely to serve our customers still better, besides to make lots of new customers by showing you the daintiest styles in footwear your eyes ever beheld and at extremely low prices.

Since taking account of stock we find broken lots of goods all through our stock which will be closed out at cost, they are embraced in all our lines in cheap as well as fine goods.
