The name of the Millertown P. O. will not be changed until October 1st, and until then write it Barnhart Mills.

The excellent management of the postal department is a strong point in the Harbisonian administration.

A chorus of one hundred voices will assist at the P. N. M. concert at the M. E. Church this evening.

Over 1000 people attended the opening of the Butler Wheel Club Park, on Wednesday.

The McManara farm will be offered for sale next Monday, 31st inst, at 2 P. M. at Petrolia. Elizabeth Collins is trustee.

Several of the windows of the English Catholic Church and Mr. Duffy's residence were shattered by the firing of the artillery in the school lot last Wednesday.

There goes a spanking team," remarked a young man to Tommy Jones as the two boys' mothers walked down the street together.

The Kittinging Times came to us last week, in an enlarged form and new dress, thus indicating the prosperity it well merits.

On account of being crowded we are compelled to omit our country correspondence this week, for which we hope our correspondents will forgive us.

The death of Dr. Stewart of Hinton is being long claimed. It is said to have formerly lived near Bakerstown, and was run over on the Valley road a few days ago.

A writer in the New York World suggests that the death sentence be executed by drowning, claiming that it is clean, sure, relatively painless, and free from horrible sights or shocking accidents.

The First Ward Hose Co., will attend the Annual Convention of the State Firemen's Association, at Lock Haven, Pa., September 15-18. Half rate tickets have been issued, good till 21st, and the train will leave Butler at 6:10 A. M.

In his remarks at the Camp Fire Wednesday night Rev. Audley Brown said he was kept awake all the previous night at his hotel in Butler, by the noise on the street. An ordinance authorizing the public to clear the streets of all loaves after midnight, might better things in that direction.

Zellenstein is "all torn up," as the saying is, over a reported elopement. A prominent citizen, having a wife and several children, is said to have gone off with a married woman of that vicinity; and the outraged husband is after them with his gun, and swears that they shall never live together.

Here is the New York Sun's famous recipe for summer complaint: Equal parts of menthol, tincture of cayenne, tincture of rhubarb, essence of peppermint and spirits of camphor; mix well. Dose, 15 to 20 drops in water, to be repeated if necessary in 15 minutes. This has saved thousands of lives.

At the meeting of the School Board of Clinton Twp. elected, the following teachers were elected, No. 1, Mr. E. H. Koeh of Jefferson Twp.; No. 2, F. M. Miller of North Hope; No. 3, Minnie McCandless of Unionville; No. 4, Howard McMillan of Butler; No. 5, Lina Caldwell of Jefferson Twp.; and No. 6, Maggie Moore of Unionville.

The reunion of the old Canalmen at Freepost last Thursday, was the best attended in years, two hundred and thirty-one of the old fellows being present. They swapped yarn and had a good time generally, and agreed to meet at Johnson next year. Quite a number of Butler county people, including Col. Lowry, M. H. Byerly, H. McCrea and W. J. Mitchell of this town attended the reunion.

Of the numerous people in this county who have been swindled by the traveling sharpers during the past year, we know of no one who has not been swindled by the same party. Some of the people who took the paper, but borrow it each week, may be in the list of victims; indeed, we would not be surprised to find them being struck by lightning. We will only list those who are subscribers, and will only guarantee those who pay at least once every two years.

Shortly after noon of Wednesday, the Jewelry store of E. Grieb, was robbed of watches and diamonds, valued at about \$1000. It was during the parade, and Mrs. Grieb was the only person in the house. She latched the door and set the electric bell and went to her dining room for but a few moments, and during that time a man, who must have been awaiting his opportunity opened the door without ringing the bell, slipped behind the counter and took the best watches and the diamonds in the show window. Mrs. Grieb came in just as he was leaving, and saw him go out and run up Duffy's alley to the school, where he was lost in the smoke made by this hearing of the artillery.

The third concert of the P. N. M. I. was fully up to the standard promised by the previous performances, and was highly enjoyed by one of Butler's largest and most fashionable societies. Madame Boyd and Colburn and Misses Wick and Ritz sustained their former reputation, while Messrs Carter, King and Isensee confirmed the good impression they have created in Butler. One of the chief events of the evening was the singing of the "Way to Zion." This was a band of pretty young ladies from Bruin, whose fine singing added materially to the pleasure of the evening. Their names are Daisy Short, Blanche Knox, Cora Knox, Sophronia, Ma-belle McCandless, and Hattie Short, contralto. Miss Bessie Short was accompanist.

ASSESSMENTS AND BRICK.

At the meeting of Council Tuesday night, the ordinance providing for the assessment of the owners of property fronting on Main St. to pay for the paving of the street was read and adopted.

The entire cost is put at \$55,376.52; \$10,357.75 of which is for the crossings and is assessed to the entire St., the frontage is \$5,023.52, and 84 cents is the cost per foot for crossings.

The paving from north end of paving to North St. is 40 feet wide, the entire cost, peculiar to that section is \$20,968.31, and will cost 14 cents per foot front 33.18 plus.

The culverts in that section cost \$690.00, and will cost 14 cents per foot front.

From North to Wayne, the paving is 50 feet wide, the entire cost is \$17,945.45; the frontage 3,114.95 and cost per foot front \$5.84 plus.

From Wayne to Quarry, the paving is 40 feet wide, the cost \$3,565.45, the frontage 733 feet, and cost \$3.23 plus.

From Quarry to the Bridge the street is less than 40 feet wide, the cost \$1,171.19, frontage 288, and cost per foot front \$2.70 plus.

Add the cost for the crossings to the cost of front section, (plus 14 cents for northern section culverts) and you have the cost per foot, of your frontage paving.

The ordinance will be printed in full, and will be read at the next meeting of the council, and the assessments will be due in 30 days after Sept. 9th.

A northern section were made a separate item, on account of some doubts as to the legality of assessing for them, and will not accept in the ordinance, and the assessments will be paid by the town, and the property owners on either side of the culvert have each paid over \$500 each for the extensions through their properties.

The matter of next printing considered was the bond of Long & Doyle.

Solicitor General, by instruction of the committee has drawn up a bond for \$5000 for E. Jefferson St., which was to have been signed by Long & Doyle, and the bond \$1000 covering all the streets contracted for by them. Both these were sent to Smith, Porter & Co., the \$10,000 alone was returned, and it was signed by the officers of the corporation and not by the individual members.

This was read to Council, and objected to as not being authorized by committee, and being contrary to a misunderstanding, a war of words followed, and Mr. Forney's motion to sustain the Engineer and Council, and reject the \$10,000 bond, carried. The Council is determined that no such bond shall go into W. Jefferson St. and City Ave., and will not accept in the ordinance the \$5000 bond is signed by Long & Doyle, and by the individual members of the Smith, Porter & Co., corporation, and other good securities.

Long & Doyle were valued \$2000, on work done generally, and instructed to secure other brick for the two streets not completed.

Mr. Perrine stated that he had examined the alley east of Main between North and City Sts; that it was in a horrible condition and that as the parties maintaining the same, this was a "devilish good place to make an example," and a motion directing the High Constable to abate same immediately at cost of parties carried.

The Ind. Gas Co. was notified to lower their gas line at crossing of Jefferson and 1st Sts.

The appointments of Wm. Danbespeck as policeman for the Lowry House and Robert Ray for the Willard House were confirmed.

Mr. Miller of Springdale was notified to abate a water closet nuisance.

Council adjourned till next Tuesday evening.

The Divorce Court's Work.

Half the divorces in the country are the result of over-worked, housewives. Slavish work, and especially baking are the cause of domestic unhappiness. Women who save themselves by using Marvino's superior bread and cakes, which are not only fully as good as the best housewife can make but are cheaper as well, are rarely seen in the divorce courts. They have time to be happy themselves, and to make their families happy.

NOTES.

The Butler Savings Bank has entered suit in ejectment vs. Margaret, Geo. and Anna Spect for fifteen acres in Oakland Twp.

D. B. McIlvain has entered suit in ejectment vs. Robt. Hudson et al for eight acres in Jackson Twp.

Judge Patterson of Lancaster, in court Saturday, announced that he would have a consultation with Judge Livingston of York on the new election law, so that arrangements would be made to carry its provisions into effect. Incidentally he said that before the Legislature was in session a week he came to the conclusion that the members were a pack of fools and by the time of adjustment he was no reason to change his mind. Governor Pattison very wisely vetoed the bill, and the judge's remarks caused quite a sensation.—Ez.

The change in the law for the registration of voters by the last Legislature will most likely prove troublesome to citizens generally. Those whose names were not enrolled by the Assessors of the Spring canvass will have to get their names on the list now, and this will have to be done by the 23rd inst. Those who have changed their residences since the original lists were made will need to be particularly attentive to this, as a failure to be registered will cause them a great deal of trouble on the day of the election. It is not to carry into effect a law to ascertain whether or not his name is on the list.

The will of John Chesman of Muddy-creek Twp. was probated on 23rd inst.

To the Farmers in Particular and the Public in General.

In addition to our first-class roller wheat flour mill, which we built last spring, and which has proven a success, we have just added the latest improved machinery for making buckwheat and rye flour. This machinery can not be excelled. We will be able to make you as good a quality of buckwheat flour and as good a yield as can be made in the country. We have a complete roller mill, which will prove itself.

First, a first class roller flour mill, which makes as good a quality of flour as is shipped from the West or elsewhere.

Second, the best buckwheat flour mill in the State.

Third, a rye flour mill that makes as good flour as is in the market.

Fourth, corn meal and chopping mill that do complete work for the farmer. We also manufacture Graham Flour of the best quality. Therefore we say without fear of contradiction that we have the best mill for accommodating the farmer and public in general. There is no other counter in the State. We make a specialty of grinding your grain at once, so that you take it home with you and save an extra trip.

It will pay to buy your flour at our mill, as we make strictly No. 1 grade of flour and sell it at as low figures as it can be bought anywhere.

NEIGHBORHOOD NOTES.

A W. Va. woman left her baby sleeping in the cradle while she was making soap, she heard the infant cry, and hurrying into the house, discovered an enormous blacksnake coiled around her child. The snake had swallowed the babe's arm to the shoulder. The horrified mother killed the snake, which was seven feet two inches long, of the black racer species, and hid the body in the babe's arms, which was blistered as if it had been immersed in scalding water.

Twenty-nine empty pocketbooks were found in the cars of one company used for the Rock Port extension, and some supposed pickpockets are under arrest at New Castle.

The Beaver Falls Council voted to keep reporters out of the council chamber. This the press representatives gave to the public in detail, hence their action.

Two children of Jas. Hunter of Beaver Co. were lost in Harrisburg hollow last week, while picking berries. Next day a hundred people scoured the woods in that vicinity, and that evening the children were found on the road returning home. They had taken the wrong road the day before and had walked out past Ron Valley.

At London, O., last Friday, the three children of Mr. and Mrs. Geo. Hamilton, aged 8, 4 and 2 years, were left alone in the house while the parents went visiting. The children disappeared, and their bodies were finally found in an old lot about the end of which had closed and locked them in.
