**A Drive In Shoes.**

We have inaugurated a big drive in our Men's $1.00 shoe and there never was a shoe that could stand a harder kind of a drive than it can. It is all the same to this shoe whether the road be rough or smooth or whether the place be leisurely or furious. It is cheap in the best sense of the word, that is to say it is an exceedingly good article for an exceedingly low price.

You will get just about six cents worth of service for every five cents you pay for it, and that is where the shrewdness of the purchase comes in. Other shoes that pays the purchaser equally well is our Ladies' $1.00, $1.25, $1.50 and $2.00 shoe. You can find shoes at these prices but you won't find such stock or styles as those goods have. The test is to wear a pair which means you will continue to wear them.

**It's a Mistaken Idea**

In storekeeping that a merchant can make money and a reputation by misrepresenting facts and values in his advertisements. The fight nowadays is to earn a reputation for selling a reliale article at a moderate price. To secure this you must do just what you say you will,same price to each and every customer. The newspaper advertising must be backed up in the stock. Here's the whole secret of our success those who emulate it cannot do better than follow where we lead.

See our Men's, Boys' and Youths' tip boots, heavy shoes, high cut, school shoes. The fine lines in Calf, Kangaroo, Cordovans, all widths styles and prices. Old Ladies' warm shoes, we lead them all in variety point of styles and prices, our stock now contains about everything in the boot and shoe line, don't forget us on rubber goods, sell best rubber goods made at lowest prices.

Come in and see us any way if you don't wont to buy.

—The laws of health are taught in the schools; but not in a way to be of much practical benefit and are never illustrated by living examples, which in many cases might easily be done. If some scholar, who had just contracted a cold was brought before the school, so that all could hear the dry, loud cough and know its significance see the thin white coating on the tongue and later, as the cold developed, see the profuse watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy freely, that all might see that even a severe cold could be cured in one or two days, or at least greatly mitigated when properly treated as soon as the first symptoms appear. This remedy is famous for it's cure of coughs, colds and croup. It is made especially for these diseases, and is the most reliable medicine known for the purpose. 50 cents a bottle, for sale by D. H. Wuller, Butler; A. Bowers, Prospect; Breaden & Allison, W. Sunbury.

**In Luck Certain.**

After trying to sell books, pictures and wringers, and nearly every contrivance imaginable, I became discouraged and thought there was no chance for a poor man to earn a living. There was nothing to do on the farm, and I could not get a job in town, when I happened to see how a teacher made money selling platers and thought I would try my luck. I bought a $5 Lightning Plater from H. F. Dolan & Co., Columbus, Ohio, and from that day my luck seemed to change. I carried the plater from house to house and plated knives, forks and spoons, right before the folks, and it is surprising how many want their things plated. I made $3.70 the first day, and in one week $28. I can plate with nickle, silver or gold. The work is fine, my customers are pleased and I am happy. I hope some other fellow, who is down on his luck, will see this and do as I have done and get up in this world.

"Brother Means," said Rev. Mr. Goodman, entering the counting-room of one of his parishioners, "will you kindly tell me whether or not this five-dollar bill is a counterfeit?"

An exchange credits a watchmaker with a word from his trade to describe the amiable nuisances who talk too much.

BUTLER, - - - - - - - - - - PENN'A

There was scarcely any necessity for showing this lady our card Some shoes have no tongue, but all shoes have a story to tell whether they are tongueless or not. This story is of either good, bad or indifferent workmanship, and it isn't always told at a glance either. Sometimes bad workmanship masquerades as good, the difference being perceptible to only the trained eye. Shoes differ in quality as much as they do in price, but the price should be regulated according to the difference in quality and not be out of proportion with it. We do not claim to give a high grade shoe for a low grade price, but what we do claim is, that for no shoe which leaves our store do we make a charge which is not fully justified by its actual value. A dollar's worth for a dollar is what we sell and that is what you will get if you try a pair of our ladies' fine Dongola kid shoes at $2 00 or a pair of our men's fine calf sewed shoes at $2 00. Also see our immense stock of waterproof winter shoes, which cannot be duplicated in the county at the low price asked for them. Highest grade of men's and boys' calf, kip, grain and rubber boots at rock bottom prices.

**Former Prices.**

Sensible customers do not pay much attention to advertisemets, the principal part of which is former prices, that is, goods advertised at a price and the statement made that the price quoted is one-third or one-half the former price. Now if the advertiser was telling the truth he would not be selling goods very long making such losses. What the shrewd buyer wants to know is the present price of goods. Below we give you a few present prices:
Indigo-Dyed Cheviots at 6¼c.
3,000 yards of good Calico at 5c.
A splendid line of Cocheco Twilled Cloth.
Suitings, extra wide at 8c.
