Gosser's Cream Glycerine It is the ideal Cosmetis. It stimulates the nerves, quickons circulation and carries away dead particles of the skin, leaving it fine and clear. It has no equal for Chapped Hands, Lips, Face, or roughness of the skin, and is not excelled as a dressing for the face after shaving. It is a bland, creamy emulsion, with just enough vegetable oil to soften the skin. No lady or gentleman should be without it. Be sure to get the genuine. Take no substitute.

it is just such people we are after, and if this should eated their eye, we hope human curiosity will lead them to read it for it is one-of the commonest traits of the race. It was curiosity that led Eve to taste the forbidden fruit; and her offspring have their curiosity excited every day as a hereditary temptation, from the small boy everlastingly peeping into boxes to the hired-girl with her eye to the key holo. Everybody wonders what is in it. Properly directed, this curiosity often leads to satisfactory results, and D. A.
