Mr. C. O. Ralston wishes to represent the sub-district composed of the following (North), Lancaster and Madryre twps. in the Congressional Convention.

Nothing would any one expect to do for the official record of Senator Quay's absence from his official duties, as presented in an extended article elsewhere on this page. It is a record that should have been made his re-election an impossibility.

Senator Cameron has been nominated for the office of Governor of Pennsylvania.

President Harrison has nominated Geo. H. Miller of Pittsburg to be Collector of Customs at the port of Philadelphia.

The anti-Quay Republicans of Allegheny Co. completed their organization at a meeting of the Executive Committee last evening.

Congressman Dalziel was at home last Saturday, in time to vote against the consideration of the Free Silver bill.

Senator Quay's record of absenteeism is one which plain people are inclined to ponder on.

What are the services for the discharge of a year's service? What is to be done for his country, his people, his constituents?

There is not a single one. Some private patronage bills and some other bills, but no public business.

When the McKinley tariff bill was before the Senate in the Summer of 1890 it was amended so as to afford less protection to several products in which Pennsylvania has largely an interest.

Our contemporary is correct when it says that the House of Representatives at (Washington) is the training school for (National) Statesmen; and let us ask what evidence Cameron or Quay had in their own record in the National affairs.

Every opportunity has been given to both the Pennsylvania Senators to make themselves up in the public confidence as men of public usefulness and reliability.

But everybody knows what kind of a record they both have made. Pennsylvania is compelled to turn her face to the wall.

The "Eagle's" Snake Story.

It is yet too early for fish stories, but the "Eagle" has brought forth a new snake and our esteemed contemporary took advantage of this fact, last week, to soar to the altitude of snake literature, and drop a story which, in its insinuations, had seldom been equalled and never surpassed.

The story is entitled "The S. Senatorship," and it is the major premises which describe the ground the snake crawls upon, its surroundings, its opponents, and the air it breathes, we take no exception.

The major premises referred to are that United States Senators should be elected by the vote of the people, which undoubtedly is true, but the amendment to the Constitution so providing will never pass the Senate so long as its majority consists of Camerons and Quays; also that United States Senators should be re-elected if they are able and faithfully discharge their duties.

That it is true and the statement should, at least, include Congressmen. Let us quote from our esteemed contemporary:

"Where a Senator ably and faithfully discharges his duty to his constituents with fidelity to all his interests, it is unusual to displace him after so long a term of service."

That is the policy of the State by which a change should not be made. In looking over the United States Senate we find that in nearly every State the policy is pursued of maintaining the interests of the State by re-electing its Senators over and over again.

That is good doctrine, and here is a question that will be asked by the Senator Cameron or Quay "ably and faithfully" discharges their duties, and represent the interests of the people of this State in the United States Senate? And on the contrary they are not re-elected, and the result is a disability a matter of continual public comment.

The article goes on to state that Quay was not a candidate for re-election and that his friends had him announced only after another man, but the tenacity with which they are now holding on to Quay, which shows that his friends here knew what was afoot and that they expected to slip back into the Senate as surely and quietly as Cameron did, and as Mr. Dalziel's friends are now holding on to Mr. Dalziel's candidacy as to pronounce it "ill-timed and uncalculated." Silence in this matter means Quay, with endless tributes, scandal and defeat; and the movement for Mr. Dalziel is a substantial and not a mere name.

Mr. Dalziel is a substantial and not a mere name. He is a man of high intelligence and integrity of this great, solid Republican Party."

We quote again: "The new party has but a single plank in its platform, and that is the re-election of Quay. The presumption of Cameron and Quay, and their lieutenants has always been shown by their regarding any movement for a candidate, or policy other than theirs, as being outside the party, or by a new party, and they will fight to the death to understand that outside of the "Ring" and those who look for political "paw" through the "Ring," the Republican party is composed of intelligent and competent voters, who will in this matter, not allow any shuffling and harking to the right, but will carefully consider the matter and vote as they please. If they consider Quay a Senator who has shown honor, integrity, ability, and whose political methods they can conscientiously endorse, they will get their vote. But if they consider Quay and Cameron gang cannot believe that they are thinking that the Republican party in this State is by their possession and that any movement against their candidate is a "new party." The corporation of Quay and Cameron is a close one, and well known to the people of this State, and represents a personal favoritism in this State, not the Republican masses.

Our Choice for U. S. Senator.

The Union Free Press, the leading Republican paper of Kittanning, Armstrong county, comes out for Mr. Dalziel for the United States Senate and gives its reasons as follows:

We remember some time ago that after a careful study of the political and public life of John Dalziel and M. S. Quay, we were inclined to give the preference to Mr. Dalziel as a correct and truthful statement as to their ability and fitness to fill the position of United States Senator.

That the Local Institute held here on Feb. 27, was not largely attended owing to bad roads, but a good deal of interest was shown in the proceedings. Speeches were made by Rev. Young and Scheffer, F. P. Critchlow, Wm. Avery, L. M. McGowan, P. W. May, Wm. Wilson, Wm. Dick, Wm. Scott and others. The remarks were of a high order, and Mr. Scott said he was in favor of dividing the extra State appropriation with the teachers, which was rather encouraging.

That Mr. Martin, who has been selected to a severe attack of the grip, is mending steadily.

That James McGowan and Elmer St. Clair recently took several hours to Pittsburg to attend the meeting of the boys had a pleasant time, and Elmer was much pleased with his trip to Pittsburg and will return on Monday.

That J. H. Ralston who owns the Round-bay Hotel, has been elected to the office of Justice of the Peace, and will be sworn in on Monday.

That J. F. Puffer of Zelienople was in town on Monday, and was seen by his brother-in-law, J. A. McGowan.

That J. B. Shannon of Franklin twp. is recovering from a sick spell. That is right, we like to hear of people getting well.

That we forgot to note that J. Park Hayes and Charles Mackey were elected School Directors in Franklin twp. on Monday.

That C. Anderson of Duke Centre has been in a better light against the administration. In fact Mr. Quay's every movement is in direct opposition to the best interests of the people of this county.

That Mr. W. Graham ran a nail in his foot last week, and was laid up for a few days. He is now getting on his feet again.

That Mr. Schaffer was on an official visit to Zelienople and Phillipsburg, last week; so we understand.

JO COSTRY.

The Mercator Co. Republican Committee, at its late meeting, amended the action of the Congressional Committee by giving the County Committee the right to select the Congressional Delegates.

North Washington.

Little Johnnie has got a girl! Who's sweet as sweet can be. He always waits till Sabbath eve, and then he goes to see her. No, no, you ought not to do it. Go Wednesday.

The pleasant face of Mark Harper, was seen on our street last Monday by the guests of his brother C. F. Morris.

Enoch Vernum wants some one to tell him how he will make \$5000.

Miss Lizzie Gibson has met with much success in teaching since her return from college.

H. C. Stoner had some fun breaking a coil last Monday.

The Spring term of the Academy probably will get under way in connection with their present trustees, who will add Election and Music.

Christ Stoner has some fine yearling colts. He is a great dealer in them.

Ed Shryock thinks he could catch Mills.

People passing Enoch Vernum's farm the other day, were much interested in the amount of manure on the farm, and said he would do well to put it on his land.
