The Spring Election.

All the nominations that will be mad for the Spring election (and the scone they are made the better) will probably b made by party meetings or primary elec-tions held under the rules of the parties. These nominations, in order to appear upon the official ballet of the district of township must be certified to the townshi or borough auditors by the presiding officer and secretaries of the meeting, (or by the election boards) and they must

sworn to before a Justice of the Peace of Notary Public. A certificate of nomination should rea hing like this: STATE OF PERS'A,)

BUTLER COUNTY,

We hereby certify that at a meeting of members of the (Republican, Democrat, Prohibition, etc) party of ______ (township-held at _____, on ______ [893, the follow-ing named persons were placed in nomina----- Pres. ---- Sec'y.

Attest of J. P.

It then becomes the duty of the township or borough auditors to take the lists ons to a printing office and have of nominations to a printing only and also to take the official ballots printed, and also to take charge of the same and deliver them to the election officers the day before the day of the election. For all, or nearly all, of the lection districts of this county these ballots will contain the list of the Republica and Democratic nominees, with a square to the right of each name for the X mark; and also a blank column for third party of

ndependent voters. The election will be held under the same ules governing a Fall election, as set

forth in this column last week. The returns of a Spring election are made to the Clerk of Courts, and in districts in which a Justice of the Peace is to be elected, a separate return of such election must also be made to the Prothon-

otary. In Butler separate tickets for each war will have to be printed, stating street and number of each nominee, but in the other

boroughs and townships of the county one ticket will do for all. Seventy-five official ballots must be printed for each fifty and fraction of fifty oters on the Assessor's list, and an equal unber of specimen ballots, making 150 ballots necessary for each fifty and fraction hereof, and the anditors are required to obtain from the County Commissioned the requisite cards of instruction, and de liver the same with the ballots to the Judges of election the day before election

A stab is to be printed with each offic ballot stating that it is the official ballot of that ward, borough or township for the election of that particular day.

The electors of six of the townships bis county, i. e., Washington, Cherry. Fairview, Connoquenessing, Jackson, and Adams, all of which are divided, mus

this year elect Assistant Assessors, and abould remember to make nominations for For the boroughs the tickets will preby be headed by the nominations for Burgess and other general officers, follow

ed by the nominations for ward officers; and for the townships we suggest that they be headed by the nomination for Justice of the Peace, (if any) followed by the Town ship Clerk (an office that has been great) oted) followed by Supervisor Assistant Assessore, Constable, Judge of Election and Inspectors. A general form will aid in preventing mistakes by the prin-ter; and so also will plainly written and
