Such ideas ending the ninth section of the net as you attempt to advance never have bee Election law, so as to require the Sec'y the law, are not the law, and I hope never of the Commonwealth to certify the nom will be the law. It is anarchistic to adnation of candidates to the County Com vance such sentiments, and I will not allow missioners and sheriffs twenty days before you or no one else to advauce such ideas the election instead of ten, as the law now stands; also amending the tenth section by here.

He also introduced a bill to frequence of the Peace, Alderman and candidates, under the new constitution. We denseday evening the Senate concurred in Douthett's World's Fair resolution by a vote of 28 to 8. **Bailot Law Changes.** Although the Baker Ballot law worked in the main very satisfactorily at the last election, it was evident that many changes were necessary before it would meet the approval of the people generally, and Senator Baker has introduced a bill aimed at removing these defects. It makes changes in mearly every section, the most important being briefly enumerated as follows:

changes in nearly every section, the func-important being briefly enumerated as follows: Any political organization polling 1 per cent. of the largest vote cast for a State office at the preceding election (3 per cent-being the present requisite) is recognized as a political party, and may by conven-tion or caucus certify nominations for a place on the official ballot. Parties polling under 1 per cent. must present nomination papers. For State offices, Congress and es, Congress and islature not more than 500 signers are required while for all other offices the t be at least 10 signers.

must be at least 10 signers. Certificates of nomination and nomina-tion papers for the three higher classes of offices must be filed 35 and 28 days, re-spectively, before election, instead of 56 and 49; county and municipal, 28 and 21 boroughs and wuships the limit is unchanged. Objec-

townships the limit is unchanged. Objec-tions to nominations for these three classes must be filed 39, 24 and 5 days before elec-tion, respectively instead of 30, 20 and 31. as at present. This gives more time for printing tickets. The Secretary of the Commonwealth must certify nominations to the Sheriff and Commissioners 12 days before election instead of 10 as now re-cominad

The method of marking ballots is changed to require a cross mark opposite the name of each candidate voted for except Presidential electors, where one mark opposite the party name votes for all. The number of official ballots furnished

is unchauged, but only a sufficient num-ber of specimen ballots is required, and the Commissioners may require the election judges to come to their office on e day before election and receive and ceipt for all ballots for their districts. the day One voting compartment is to befurnish ed for every 75 voters, instead of every 50, and a curtain or door must be placed across the upper part to screen the voter from observation while marking his ballot The name and residence of the person while marking his ballot
