If you don't want to save money don't read between these lines.

This ad is written for close cash buyers that are always open for tryains when there are any to be had, and if things had taken their usual course this winter this ad with all its wonderful bargains would never have appeared, but up to Jan. 1st we had a very mild winter Heavy leather goods and rubber goods have been very much slighted, and to tell the truth I am over stocked but I have a plan to unload.

It is simply a matter of business and concerns only money saving people. No others need read between these lines,

My plan to unload my surplus stock of boots, shoes and rubbers i simply this. I have got to lose some money on these, I am not going to carry them over until next season, I will sell them at any price first Leather goods get hard, the life gets out of them, and they are unsaleable Rubber goods are even worse, for they will rot and become worthless, hence you can see at once and understand why this sacrifice must be made on goods that are now seasonable and just what you need.

One man's dallar is as good as another's if he puts it to the right use.

The object is for you to make money and for me to lose it. Can you take part in such a scheme?

I will sell for twenty days men's rubber boots Lycoming make for \$1 90, Boston rubber boots \$2.00, Candee rubber boots \$2.00, Woonsocke rubber boots \$2.00; a pair of good canvas slippers goes with each pair, and if I can't produce any of the above makes at prices quoted, will surrender my claim on your attention in all future ads. or a round trip ticket to the World's Fair.
