The legislature will adjourn about the 1st of June. The crops look well in this part of the country.

The setting hen is getting down to business. Light green still remains the fashionable color for lawns.

The early spring has shortened the buckwheat cake season. The long fringe of jet in vogue for waists is known as "jet rain."

New pocketbooks are large enough to hold a couple of handkerchiefs. The annual examination of the Slipperyrock Normal School for this year has been fixed for June 5.

The cautious man never takes any chances. That's the reason you so seldom see him at a church fair.

A change has lately been made in the mercantile firm at Whitestown, and the name is now Alexander Douth.

The most advanced chappies have their hair cut in a straight, thick line along the top of the coat collar.

The early spring rains fall like on the just and the unjust, but the unjust generally can carry silk umbrellas.

Before some people will say they are on the Lord's side, they want to know how their neighbors are going to vote.

The spring meeting of the Butler Presbytery will be held in the Presbyterian church, in Grove City, April 25th.

There are times in a man's life when if he could see himself as other's see him at a church fair.

W. W. Tilly, of Millertown, has sold his property to E. Christy, of Farrell, and will have a sale of goods on the 27th inst.

When a school boy is notified that the principal would like to see him after hours, the principal is usually a very busy man.

The Postoffice Department does not recognize the word Postmistress, it is Postmaster, whether the appointed be a man or woman.

A man should not imagine because a girl divides laughs at his jokes that he is a great wit; a girl of sixteen laughs because she is sixteen.

We congratulate our esteemed contemporary the Times on passing its 9th month. It is a bright, new little paper, and is deservedly popular.

An exchange makes this reasonable observation: "I hear your next door neighbors have a new organ. Do you know how many stops it has?" Jackson "Only about three a day, and those are only for meals."

When a man comes around with a scheme with "millions in it," it may be safe to endorse his sentiments, but one should be careful about endorsing his paper.

Lock's the giddiest of all creatures. Nor likes in one place long to stay. She smoothes the hair back from her features. Kisses you quick and runs away. Dame In-luk is in no such hurry. Nor quick her close embrace she quits. She says she's in no kind of a hurry. And sits upon your bed and knits."

A philanthropist once said, "I expect to pass through this life but once. If, therefore, there is any kindness I can show, or any good I can do, to any fellow being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again."

David Seton, who has been farming the A. H. Smith farm in Fawn township, for the past year, has removed to Richards X Roads, Butler county. Dave has purchased a half interest in a machine for drilling artesian wells and will follow this business hereafter. Any orders addressed to him will receive prompt attention.—Sun

The School Directors of the county will meet at the Court House, in Butler, on Tuesday, May 2, 1923, for the purpose of electing a County Superintendent for the ensuing three years, and the School Directors of Butler Borough will meet in the Jefferson St. school building, same day for the purpose of electing a Borough Superintendent.

A very faithful portrait of "Uncle Jake" Ziegler, deceased, has been on exhibition in the show window of Troutman's store for some days. It was executed by Miss Ida Stepp of Chicago, formerly of this place, by the order of Mrs. Will Lowry, who will present it to Ziegler Lodge No. 1039 of L. O. O. F., the said lodge having been named in her father's honor.

Christianity offers the only rock upon which to stand when one is confronted by life's mysterious problem. It puts a fresh bloom upon manhood; it lifts up and rejuvenates the dead despairing soul. Take up the Cross of Christ and you see a bright sunshine in the show window of Troutman's store for some days. It was executed by Miss Ida Stepp of Chicago, formerly of this place, by the order of Mrs. Will Lowry, who will present it to Ziegler Lodge No. 1039 of L. O. O. F., the said lodge having been named in her father's honor.

A fly will lay four times during the summer, 80 eggs each time, and careful calculations have demonstrated that the descendants of a single insect may exceed 2,000,000. Were it not for hats, insects eating birds and the innumerable microscope parasites with which the fly is particularly afflicted, there would be no more pest in the world than the fly.

Here is a short sermon by a woman, though not preached from the pulpit. It is a good one, and pritty sure to hit you somewhere, whatever may be your age and circumstances: "The best thing to give your enemy is forgiveness; to an opponent tolerance; to a friend your heart; to your father, deference; to your mother, conduct; to your neighbor, respect; to all men, charity."

The biggest tree in Pike county stood until a week or so ago in Greene township. It was such a towering monarch that settlers cut all around it, and for a century it was a notable landmark on the mountain top. When chopped down it was found to measure 372 feet in length, and the faithful record of the rings showed its age to be 462 years. It was born 62 years before Columbus touched America. About 82,000 worth of lumber can be saved from this giant tree.

It is most commendable to be a good housekeeper but don't be a fussy one. It isn't necessary to make a fussy one uncomfortable around you in your campaign against untidiness, and remember always that but one room at a time can be set in order; therefore do not upset the whole house on your zealous order. Keep one nook cozy and comfortable for the men folk to drop into at night. Try and remove as far as possible the annoyances of the spring cleaning from those who toil outside all day long, and need rest when they come home at the close instead of having to tramp out into the night or in the rain just because the house is being put into its summer clothes.

USE DANAS' SARSAPARILLA, ITS "THE KIND THAT CURES." ACURSIONS will not be run frequently although this Columbian year is to be a great one for travel, and sight-seeing. The railroads are all preparing for the largest business in the history of the railroad in America. This extraordinary pressure on the railroad and steamboat lines—both by water—a pretty stiff backbone and except for times and places where they are certain of doing a very large amount of business, they are not to be taken for granted. Shows exhibit at Pittsburgh, May 1 and 2.

FLOUR. Camp-Milling Company's. I have a car load of Camp-Milling Co's. flour to arrive to-day and to further introduce their Brands and convince my patrons that in the end the best is the cheapest, we will sell from now until May 1st at one dollar per sack.

The Camp-Milling Co's. brands are not cheap makers to make good flour it takes plenty of good sound wheat and to make good bread and lots of it, it takes good flour and this is just what we have in "Red Ball." The brand we sell is the most bread in the cheapest, now then, the brand—weigh the bread you make from a sack of flour, then weigh the bread you make from a sack of Red Ball and see if it is true that Red Ball is cheaper than a dollar and twenty cents than other cheap makes of flour at 90 cents.

Borough Business. Council met in special session Tuesday evening, President Hafner presiding. The following business was transacted: Mr. D.B. Campbell, of S. Main street had been notified to remove his outside vault and wanted to do so but had no sewer outlet and asked the Council to provide some way. The matter was referred to the sewer committee and Engineer.

Mr. Ranchar complained of the condition of the alley back of his place, and the street committee will see about it. Frank Clark was present and thought that the Park is not a good place for the town, and asked the Council to remove it and beautify the place. He stated that the city commission would let them have the park for a number of years for that purpose, and thought that the expense could be covered by subscriptions without expense to the town. A committee was appointed to confer with the commission.

On recommendation of the Burgess Geo. Kuttie was appointed police for the town. The largely signed petition of the citizens of the paved streets asking for a street sprinkler, was referred to the Street Committee.

A communication was read asking the Council to reconsider the appointment of Thomas H. Clark as Police Chief, and the matter was referred to the Fire Companies for settlement and they to report at the next meeting.

An ordinance relating to taxing shows, circuses and places of amusement in the borough was read. It proposed taxing Opera Houses \$100 a year, circuses, shows, etc., at from \$5 to \$100. Some of the members thought it was too high, and it was altered to read \$50 and the ordinance passed.

The walks advertised were ordered let for the lowest bidder, which was 10c per foot for 4 foot wide walks.

The Board of Health and communication from Harrisburg stating that the town owned the State \$321.10, which was overdue, and it was referred to the Finance Committee and Solicitor.

The Sewer Committee recommended that they accept Al Reiber's private sewer and make it part of the town system of sewerage, and the Sewer Committee and Engineer were instructed to examine it and report at next meeting. The Committee was instructed to connect the Reiber sewer with the town sewer.

The Finance Committee reported on the Auditor's report, and stated that they could find no error of \$11.11, which the report claimed to be due from ex-collector Theo. Niggle, late of this town. Mr. Niggle thought it had been he was exonerated, and the report was adopted and ordered published.

The Finance Committee stated that the town finances were in good condition and recommended the immediate collection of all unpaid taxes, and estimated the expenses for the ensuing year at about \$24,000, divided as follows:

Bonds and interest, \$13,000; electric lights, \$4,500; gas lights, \$500; water, \$1,500; fire department, \$1,000; school, \$1,000; health inspector, \$200; street work, \$1,000; and incidental expenses, were in town on March 25, and recommends a six mill tax for special and live mills for general tax.

The matter of damages to Lyon and F. H. Hole, the solicitor thought that a reasonable damage should be allowed them, and the committee and solicitor were instructed to try to make a settlement and report at next meeting.

The Police Committee were instructed to repair the lock-up. Mr. Hughes was given an order for \$750 for small sewer, payable in three months.

A motion to open Gay street was lost. Mrs. Niggle was given permission to dump her refuse on the rail between the two railroads.

Walls were ordered advertised for the Orphan Home on Brady street, and Eli May on Mercer street.

On motion the Clerk was instructed to notify the West Penn R. R. to build a walk along its property on E. Jefferson st.

The committee was instructed to report all walks not down grade. Council adjourned to meet 'May 23.

Mass meeting in evening, addressed by M. V. E. Bennett, the "Kansas Cyclone." Co. Sec'y.

Firemen's Meeting. On Monday the streets of our town were crowded to see the Firemen's parade. The parade formed on Jefferson St. and marched over the principal streets of the town in the following order: Consolidated Band, Assistant Chief, Meehling and Schaffner, Mackham Hook and Ladder Co., Springdale Hose Co., J. S. Campbell Hose Co., Good Will Hose Co., and the First Ward Hose Co.

Quite a number of people followed the company to the meeting, which was presided over by G. Wilson Miller, who made a brief statement of the object of the meeting. He stated that the corporation should cost—he considered \$2,000 a very low figure—the business men of Butler should advance because they are interested in the fire department far beyond that amount. Lower rates of insurance and protection from fire is given Butler as a result of the work of the department and everybody should contribute liberally. Geo. B. Ogden, of the West Penn R. R., was called upon for his enjoyment that could be had from a contribution of this kind, having heard of the fire department of Butler, in a recent conversation with a gentleman of that city. His speech was highly appreciated, and he made a few remarks about the matter. Mr. Stein expressed himself of the opinion that the amount of money needed would be forthcoming when asked for by the finance committee and said that the citizens would like to contribute to the fire department, regardless of the return that might be expected. Mr. Stein, who was in the chair, had a few appropriate remarks to make in which he said that he would not give a cent for a town that could not contribute \$2,000 for a firemen's corporation. He thought there ought to be more money than that for the fire department, and he thought the share of twice that amount. W. H. Eschminger and a few others spoke in a general manner, and the meeting was adjourned after extending a vote of thanks to the band for its services.

Graves of the Dead. To protect the graves of the dead is one of the highest and best traits of our nature. We are pleased to learn of a movement by some of our citizens to look after the condition of the old and first burial place of this town. The bones of many of the early settlers of Butler and vicinity are there, never having been removed to any of the new cemeteries. The grounds and fences of this old place are falling in decay. Hence the movement to rescue it from further dilapidation and desecration. It is the opinion of some of our citizens, and a committee appointed to secure the necessary funds to preserve the first place of the dead. This effort should succeed.

The Union Scout. The well known war drama, "The Union Scout," was presented at the Army Opera House, Tuesday and Wednesday last. The production is a masterpiece of the art, and the cast is exceptionally fine and well produced.

Rev. H. H. Timmons is drawing splendid audiences to Halvins' this week. Those who have seen the play are enthusiastic in their praise of it, and it is probable that even the Murphy engagement last week will be eclipsed in a financial sense. Geo. H. Timmons certainly has a great future before him. He has surprised, nay, astounded, his friends by the cleverness of his work as "Larry Deo." Another thing that contributes very materially to the success of the production is the excellence of the supporting company. It is so seldom that so strong a company is seen in a play of this nature. The production is for gushing just a little bit. Mr. Timmons needs to be bright to shine in this company.—Cincinnati Times Star.
