ONLY A FARMER'S DAUGHTER, FRIDAY, APRIL 28. ONLY A FARMER'S DAUGHTER, FRIDAY, APRIL 28.

"Only a Farmer's Daughter" as rewritten is without doubt one of the strongest and best emotional plays on the stage. The story proper is familliar to every theater goer in America, because like no other play ever written, it has been fifteen successive years before the public. The new version retains the same beautiful story, and many thrilling and naturally incidents and powerful dramatic situations, but they are real now, instead of being as before, "A Dream," thus enhancing the effect to a wonderful degree. Instead of eight there are ten characters and a new comedy creation which is exceedingly clever. The favorite Country Boy now goes through the play instead of disapearing in second act and a touching incident of New England life is well introduced. Justine, the Farmer's Daughter, is now more prominent and closer connected with Lizzie Stark, much to the delight of those who closely follow the fortunes of those they love in stage life. The, company is all that can be desired and you are all aware that no other play of ancient or moderan times has ever held its position for fifteen successive years.
