### The Chance of a Life. str

A large manufactory shipped some buggies &c to some dealers in west ern Pennsylvania, who made assignments before the work arrived, and the company ordered the R. R. Co. to ship them to us and told us to sell them best we could and they would pay us for our trouble. We had enough contracted for to do us, but told them we would do so and now have them in our warerooms in Butler marked in plain figures. We must run them off quiek to utilize the room in our regular work. They are a nice lot and the price is a sacrifice. We have sold some but have thirteen jobs left, as follows:

Two Buckwagons	worth	in	any	market \$ 45	we	mark	\$ 36
One Phaeton	"		"	125 160		"	12
One Surrey				55		"	4
Two Buggies	"		"	70		"	5
Three Buggies	"		4.	85		"	7
Three Buggies One Two Seat Spring			"	60		"	4

Now here is a chance to get a buggy at less than wholesale price. This den't happen often. They won't last long. Hurry along and don't forget that during the hot and dull weather we will sell you a harness or anything belonging to a driving or team outfit at a very low price. We cannot affore to sit around and let the flies suck what little blood we have. We would rather do business for nothing, and if low prices will bring us the trade we are bound to have it always.

## SPRING.

We are approaching the days of all the year, the days when the air is freighted with the perfumery of flowers, and everything is symbolic of Peace and Good Will. In this respect these days resemble our shoes. Their Good Will is shown by their willingness to stand by you, as long as you stand in them. Quality, not price is cheapness, and we believe our prices ,quality considered to be the lowest in Butler.
