LOCAL AND GENERAL.

-Dog days.

-Short hair cuts.

-Have you seen the comet?

-Labor Day is the next holiday.

-The mosquito should be muzzled.

-It's the fly that makes his mark in this world.

-The winds will soon blow over the coast stable.

-Worms and barrel hoops both turn when trodden on.

-Goodness! What a dull week! Not even a dog fight on our streets.

-The weather is too warm for heated discussions on the sidewalk.

-There is no such thing as a boom being experienced by any town at present.

-It is said that Pittsburg is so dull all stores now close at 5 o'clock every day.

-Jok. Riesenman's drug store in Franklin was burglarized a few days ago.

-Can I ask you a fair question? "Certainly." "Are you going to Chicago?"

-The seaside resorts are not filling up, but some of the visitors are trying to equal matters by getting full.

-"Always speak well of your neighbor."

-I always do, although I can assure you she is the meanest woman in all creation."

-When a man persists in drinking like a fish he shouldn't complain if he finds his reputation growing scaly.

-The flies may be excused. All of us are more or less stock on our favorite paper.

-An astronomer says Mars has a third moon. It must keep the dogs of Mars very busy yelping at three moons.

-Fifteen car loads of Butler people went to Connect Lake last Thursday-the largest excursion that ever left Butler.

-Mr. W. J. Plough of Evans City finished slate-roofing the new Shaky house in the 5th ward last week.

-Hobbins-"I'm just back from Chicago and-" "Hobbins-"Really, old fellow, I sorry, but I'm so tied up financially that I can't lend you a cent."

-The dates for the Tarentum Fair are Aug. 29, 30 and 31st, and Sept. 1st. On Thursday the 31st, there will be four races for purses of \$200 each.

-Somebody entered the Wolf Creek U. P. Church lately, and stole about 35 yards of new carpet from the pulpit and floor of the church room.

-The local wheat crop is the best in many years, and it is now practically all harvested. The price, however, is ruinously low, 65 cents being millers' price.

-The stores put it this way, and the exchange is true: "It is a conceded fact that an exchange has the bargains are not afraid to say so through the newspapers."

-That baby reminds me a great deal of my college days," said Pann. "Why?" asked Mrs. Pann. "Principally because time is mostly taken up in drinking and yelling."

-The Pittsburg Times special train carrying the fifty-two teachers who will be in the contest and fifteen other guests, left the Union Depot, Pittsburg, Monday evening.

-"A chance for a young man to rise, read the advertisement, and the youth who answered it found that the job was that of a milkman's assistant, and he had to report for duty at 3 a. m."

-Fond Mamma-"Doctor, you've heard Nellie sing. Don't you think I should have her voice cultivated?" Cross Old Doctor-"Certainly, ma'am, if you have tried all means to stop her."

-Burglars are becoming so numerous in some of our neighboring towns that the people are organizing for protection. Too many people are taking their money out of the banks and hiding it in their houses.

-On Sunday and Monday nights of this week the mercury dropped below 50, while during the following days it was above 90-a difference of over 40 degrees. Such weather is not healthy. It causes diphtheria and pneumonia.

-What's the use to fuss about a national flower and a national emblem. The nation now has an emblem now in the person of the free American citizen and it has two national games, baseball and draw poker. More than this would be satisfactory-Bradford Era.

-Careful Mamma-"Have you a really respectable note that I can mail my daughter?" "Shepherd-"Yes, ma'am, one of those in that big pile there." "That you have so many that they can't be popular." "No, ma'am, they're not. They're highly respectable."

-Our military Co.-Co. E, 15th Reg.-will assemble in the Army on Friday morning, Aug. 4th, and leave on the second section of the 10 a. m. train of the P. & E. R. R. for Erie, where they will encamp.

-The Butler County Agricultural Association received its first entry for this year's Fair Tuesday evening. The entry books are now open. Persons desiring Premium Lists or wishing to make entries can call at the office of the Secretary, Ira McJunkin, Esq., in the Army building, or address him.

-Walter L. Main's settlement with the Pennsylvania Railroad put him on his feet again with a new circus. The reports as to the settlement are creditable to the railroad. The railroad transported the elements of the circus from the scene of the wreck to Tyrone, kept all the people, animals and stock there for ten days, and then they were taken to the show lay idle, built a train of 13 new cars, paid for all repairs and purchased as many new wagons as it took to make up the original sum, and in addition paid for Mr. Main the sum of \$75,000 in cash.

USE DANA'S SARSAPARILLA ITS "THE KIND THAT CURES."

P. H. C.---Aug. 10.

The Butler Circle of the P. H. C. has extended its invitations for its picnic at Conneaut on Thursday, Aug. 10th, to all the Circles of Western Penna. and Eastern Ohio, and an immense crowd is expected there on that day.

The 14th Reg. will be in camp there and Gov. Pattison will review it on the 10th. "There is room at the top," said the merry guy. At least that's what sundry philosophers say. But you'll find if some head to this table that there won't be a great deal of room there to-day.

-Butler county will get \$56,000.48 from the State this year for school purposes. The rate is \$3.25 for each taxable acre.

-The P. S. & L. E. R. is now hauling about 24,000 tons of ore a week from Conneaut harbor on Lake Erie to the iron furnaces of Pittsburg and vicinity. The road has 800 new ore cars and is running seven trains a day.

-A Westmoreland county farmer who was bitten on the ankle by a copperhead, dug a hole in the ground, put his leg into it, packed the damp earth around his leg, and sat there until the earth dried the poison out of his wounds.

-"Kiddy" Neff and John Weir "held up" a P. W. freight train at Wildwood, Wednesday morning, and afterwards scared a lot of young folks at a picnic, but were captured the same day.

-On Saturday last a party of Butler folks were at a place in West Franklin township, Armstrong County, where hundreds of barrels of cherries were to be wasted, and strange to say the apples trees of that section are loaded.

-The farmers of North Dakota, reckoning upon the fact that wheat is very low in price and pork very high, have begun to feed their wheat to their hogs. Selling wheat in the shape of pork, they can get a dollar a barrel for it. This is better than selling for fifty cents per bushel for shipment eastward.

-Some of our exchanges are making a good deal out of the fact that a Buffalo girl died this week from paralysis of the brain, caused by eating too much ice cream. The story won't paralyze the ardor of the fair icecream devotees. They're satisfied that it's a sweet way to die-Franklin News.

-One of the best remedies for toothache is the common compound tincture of benzoin, sold everywhere in the drug stores. If a few drops are placed on cotton and put in or around the tooth the pain will be almost instantly stopped. It is a remedy to be used in all cases and always efficacious in its action.

-In the city markets candied eggs are always quoted a cent or two higher than other eggs. A candied egg is one that has been looked through with the aid of the light of a candle. In all large commission houses a man is employed who sits in a dark cellar and sorts all the eggs that come in by holding them between his eye and a candle.

-A man in a street car was endeavoring to hide his quiet "jag" behind a newspaper, in which he appeared to be much interested, but all the passengers realized his concealment and were much amused. "I have often heard," said a lady who was standing in front of the jugged one, to her companion, "that reading maketh a full man. I see it for myself now."

-The Free Methodist or "Holy Roller" camp-meeting on the hill south of town is an immense success, so far as attendance is concerned. During the services of Sunday evening last there were from two-to-three-thousand people on the benches and standing around, and they heard a very good sermon. Twelve ministers were in the pulpit.

-As is usual at this season of the year many of the gutters along highways and along fences are again filled with rank growths of noxious weeds, which emit sickening odors. One of the sure processes for the destruction of such offensive crops is to apply small quantities of turpentine to the roots, which will serve as an influence to concentrate the action of the sun, drying them out of the ground, for every piece of root left will produce a stalk in a short time. The application of turpentine is a sure destroyer of all weed growths, and is one of the cheapest remedies for such a nuisance which can possibly be adopted.

-A letter from a young lady of this place, now visiting the Fair at Chicago, says that the windy city takes the cake for storms and that the lightning is just terrible. "She says the other night, about 12 o'clock, a storm came on. 'I lay in bed for awhile but finally got up, dressed and went down stairs to the sitting room. There I found all the guests huddled in the middle of the room and all quaking with fear. The wind was very high and the lightning blinding. I was sure the house would be blown away struck by lightning. But we were not to be killed in that manner and about 3 o'clock the storm was over and we retired with thankful hearts."

-A St. Louis man gives the following curious cure for rheumatism: For years I was a sufferer from rheumatism. I tried every remedy known. At last I received some relief from the application of electricity. This gave me an idea and I resolved to utilize the electricity that is in every man's body and give it a chance to get out. I had my boots made with a copper wire running the length of the sole and drawn through the centre of the heel, so that its end is exposed to the ground or pavement, thus making a ground wire to carry the surplus fluid in the body, and since that day I have never had a trace of rheumatism, nor has any person whom I have induced to try this simple scientific remedy.

-A Philadelphia genius has invented a scoup to be placed on the ends of a trolley car which effectively prevents people from being crushed beneath the wheels when struck by the car. The affair was publicly exhibited last week, a gentleman interested in it standing on the track and permitting himself to be caught while the car was going at full speed. It picked him up gently and he was not harmed in the least. A number of boys eager to try its merits were accommodated and picked up uninjured. The fender consists of an iron frame, bolted and attached to the car body and extending in front of the car three feet. A wire netting covers the bottom and extends upward at a right angle and in front of the car platform, being about eight inches from the dashboard. This netting is attached to the frame by springs thus preventing a person caught up by the fender from receiving any violent shock or injury. Across the front end of the fender there is a large coil spring, or pneumatic tube, five inches in diameter. A person standing on the track first comes in contact with this spring, and owing to its yielding nature, the signal or large quantities of iron are taken. The person struck falls toward the car, when he is caught with the wire netting without injury and carried safely until the car can be stopped.

LEGAL NEWS.

The new law passed by the last Legislature relating to married women provides that a married woman may have the same right and power as an unmarried person to acquire, use, lease and dispose of property, but she may not mortgage her convey her real estate unless her husband joins. She may also make any contract in writing or otherwise, which is necessarily appropriate to her business, and she may sue for divorce or for divorce or to protect or recover her property when deserted, or she may sue her husband to protect or to recover his property when deserted by her, but she shall not be arrested for her debts. It is expressly provided that the husband and wife shall be competent witnesses, but cannot testify to confide in the validity of any agreement, agreement, or disposition of property which she may dispose of by will of all her property, but the husband and wife shall be competent to testify to the validity of any agreement, agreement, or disposition of property which she may dispose of by will of all her property. The act of June 20, 1933, and all other inconsistent acts are repealed by this act, which was approved June 8, 1933.

James Cashdollar of Adams township, was committed to jail by Judge Dembar last week on the account of guardians, and on information made by the wife.

A. Wilson, Grant Evans, Thomas Donahoe, David Garvin, H. Tom Garvin, Ed. Speer, and others were arrested on charges of riot and Agg. A. B., preferred by Cyrus Croft. This is the first riot case since the new law was passed by the last Legislature which provides that the County Commissioners may levy a tax on all male dogs of not more than \$2 a tax on all female dogs of not more than \$1. The basis upon which the tax is to be levied, is the amount of damage done to sheep in all the townships. The commissioners are to set up all the necessary regulations for the levy during each year, and then make a levy, proportionately, on each dog to pay the same, the levy not to exceed the above amount. The owners of dogs are liable for damage done by their dogs to sheep, and the owners of sheep are liable for damage done by their dogs to sheep, and the owners of sheep are liable for damage done by their dogs to sheep.

The will of R. A. Lefevre of Zelienople was probated and letters granted to R. G. Yates.

Letters of administration were granted to Mathias E. Beighly on estate of Henry Beighly of Clearfork Co., Pa.

E. M. Bredin asked for a commission to inquire into the lunacy of J. P. Bredin, and Dr. P. H. W. McCullough and George C. Cummings were appointed. John was adjudged insane, and was taken to Dixmont.

Lerina J. Smith has petitioned for the partition of the Smith property near Bald Ridge in Forward and Connoquessing townships.

Mary J. Peoples has petitioned for a divorce from her husband, J. P. Peoples.

W. J. Flick has brought suit in ejectment and Joseph Flick for twenty acres near or in Middlesex township.

Mrs. Clara Thornburg of Clayton avenue, Allegheny, went before Alderman McNulty last Tuesday night and charged her husband, George P. Thornburg, with deserting her and taking her property. She alleged that her husband two weeks ago sent her to her mother-in-law in Butler county under the pretense that he could keep her cheaper there than in the city, but as he sent her no money and did not write her word to her, she went back Tuesday to find that her husband during her absence had re-married in Butler county under the name of W. Accidents.

William Dunbar was struck on the head by a falling block at the Reber well on the Knapp or Butler farm in Middlesex township, Tuesday afternoon, and seriously, perhaps fatally, injured. He was not a regular hand on the well, but had been called in to help pull the tubing. His wife is a daughter of Elijah Thompson.

Charles Crooks an engineer employed on the Western and Atlantic pipe line at Fulton, in the Old Gold field east of Bakertown, was fatally scalded on Saturday. He was sitting in front of the boiler in the engine room, when the head of the boiler blew out and he was engulfed in steam and scalding water. He lived for several hours in awful agony and died at 9 p. m. He was 28 years old, and leaves a wife and two children. His body was taken to Parker, the home of his parents, for burial.

Andrew Simpson of Indiana county, fastened his toes in the slats at the bottom of his cart to steady himself, and as he drove away and dragged him to death.

Henry White of Indiana county, cutting grain with a binder, met with a most painful accident. While the binder was in operation he attempted to take some rope from the handle when the handle was forced through the middle of his hand and pulled out between the second and the third finger. The wound is a most painful one and will keep him from work for several weeks.

At a well near Prospect, O., last Thursday, a fire caused by a sudden flow of oil, burned Lemuel Lockhart to a crisp, and fatally burned David Armet and David Ramsey.

S. S. State Convention. The Twenty-ninth Annual Convention of the Pennsylvania State Sabbath School Association will be held in the East Liberty Presbyterian Church, Pittsburgh, Tuesday, Wednesday and Thursday, October 10, 11 and 12, 1933. The Convention will be called to order at 10 a. m. Tuesday evening, and three sessions will be held on each of the following days.

Each county will be entitled to ten delegates and each city of 20,000 to ten delegates and each city of 10,000 to five delegates. The chairman will be entered into the program of the convention. Detailed information as to railroad fare and local arrangements, including entertainment, will be given by means of circulars and through the public press as soon as available.

In counties where there is no county organization, the District President or the Chairman of the Executive Committee will be the chairman of the convention. John Stetson will apply to the Chairman of the State Executive Committee for such number of credentials in black as they are liable to receive.

It is probable that reduced rates over the railroads will be made. Let every county and city be fully represented. If each county and city be fully represented, it would not crowd the hospitality of so delightful a community as Pittsburgh, and it may be many years before we meet there again. The Convention promises to be one of the best ever held in the State. Resolutions will be adopted. -East Liberty Presbyterian Church, Pittsburgh, October 10, 11 and 12, 1933. W. S. Ross, Chairman State Executive Committee.

The Visit of the Commissioners.

Messrs George A. Junka of Brookville, Christopher Heydrick of Franklin, Norman Hall of Reading and W. H. Rose of Johnstown, four of the members of the Commission appointed by Gov. Pattison to select the site for the state institution for the feeble minded, arrived in Butler from Zelienople last Tuesday evening.

Wednesday morning they viewed the sights of 200 acres each offered in Butler and vicinity-the Duffy site on the west side of town and the Portman site on Summit township-and left town on a special at 2 p. m. for Enfield where a site has been plotted of the Sutton, Graham, McMichael and other farms.

The Sullivan-McIntire site north of Butler was not visited because the heirs could not agree upon a price, nor the McQuilton, et al, south of town because it was partly covered by oil and gas leases.

The Duffy site west of town, which includes the old Beatty or Grout and some other farms, was visited twice by the Commission, and the only objection they mentioned was that the price asked, which averages \$160 an acre.

The Portman site east of town includes the Portman, McJunkin and Osterling farms, and is a very handsome one. The price asked averages \$125 an acre.

Wednesday morning they viewed the famous spring on the McMichael property, and the price asked is \$95 an acre.

Sites have also been offered the Commission at both Saxenburg and Zelienople.

The Commissioners are careful, pains taking men with special aptitudes for their work. They will visit all sites, and nothing can be said regarding our chances for securing the prize. That our railroad facilities are unsurpassed they acknowledge while here, and our other great advantage is natural gas for heating.

LOOK OUT FOR AUGUST 1st. Kingsler's Price List Will Be Out. On the last of every month, we publish our wholesale price-list. Every "yearly" customer is entitled to a copy. It gives the prices of all the goods we handle, and you can save your money, get "a card" in the mail, and get a price list. In this way, you can buy the best of everything in our line for less money than you would pay for inferior article bought at retail from a dealer.

We don't think there is another town in the United States where the consumer is offered such advantages.

FLOUR AND FEED AT WHOLESALE RATES means retail prices, less the middleman's profit. We will illustrate to you the advantage of our great offer! If you get "a card" you are not obliged to buy either eggs, or flour, or any time, for that matter, but you are as free with "a card" as without one, but Kingsler is not free. On "the card" you get a price list, and you can buy at wholesale prices for one year.

WE SNOOW DRIFT FLOUR ALONG. We are saving buyers from 25 to 40 cents per sack, and it may be many years before we meet there again. The Convention promises to be one of the best ever held in the State. Resolutions will be adopted.

ARMY OF BUYERS. Because, each one has "a card," is saving money on every purchase, and is getting a half million out of our offer, we feed and grain than he ever got elsewhere at any time.

WAIT NO LONGER BUT GET "A CARD" NOW. Your money is just as good as your neighbor's, and you can get it just as much as Kingsler's, if you have "a card."

A DOLLAR SAVED IS A DOLLAR MADE. You might as well have this dollar as your neighbor, so come now, and apply for "a card" to us. We will send you one free of charge. Request the place and name of your nearest dealer. -East Liberty Presbyterian Church, Pittsburgh, October 10, 11 and 12, 1933. W. S. Ross, Chairman State Executive Committee.

World's Fair Philanthropists. Messrs. Rodda Bros., wealthy Chicago gentlemen, having the interest of their city at heart, and desiring to disprove the false statement that only in boarding houses can be found moderate priced accommodations during the World's Fair, they have organized a committee of their famous absolutely fire-proof business structures, located corner of Franklin and Jackson streets, within short walking distance of the Union Depot, Theatre, Cable Road and Steamboats to the World's Fair, furnished neat, clean, electric lights, exhaust fans to keep cool, electric building, named this property THE GREAT WESTERN HOTEL, and invite the public to take their choice of rooms for \$1.00 per day, children from 5 to 12 fifty cents, and infants under 5, 25 cents. Rooms where fine meals are served at 50 cents, or a la carte at very moderate prices. -St. Paul Daily News.

There would be less heard or known of extortion and imposition connected with the World's Fair, if only the people who are spirited, fair minded men in Chicago, as are the owners and proprietors of THE GREAT WESTERN HOTEL, would only write and should write as early as possible to secure rooms, for they are being taken up rapidly. -St. Paul Daily News.

Spec Normal and Classical Academy. Opens Tuesday, August 8th, 1933. A full corps of live and energetic teachers has been secured, and this term promises to be one of the best in its history. Expenses low. Send for catalogue. G. I. WILSON, Prin. Prospect Pa.

Zuver's Pictures leave nothing wanting in finish, tone or a correct likeness.
