Pure White Lead Tinting Colors

These tinting colors, made of perfectly pure colors, put up in small cans, and prepared so that one pound will tint 25 pounds of Strictly Pure White Lead to the shade shown on the can. By this means you will have the best paint in the world, because made of the best materials—

I finally walked back to see what he was interested in and found him busy feeling on some moss that grew at the roots of a fir tree, so I left him and continued my tramp. BILLY'S JOKE.

The Story of a Mountain Goat Who is of a Humorous Turn of Mind.

A mountain goat that I once kept in confinement was about as cunning as the average street arab, and had he lived to maturity and kept on acquiring knowledge, the chances are I would have had to move out and give him the ranch.

He usually followed me, says a writer in Forest and Stream, on his excursions into the woods, and generally kept right at my heels; but on one occasion he lagged behind, and although I called him several times, he paid no heed. I finally walked back to see what he was interested in and found him busy feeling on some moss that grew at the roots of a fir tree, so I left him and continued my tramp. But after I had got away a short distance the thought occurred to me to hide and see how he would act. So I slipped into a hollow stump close by the trail and awaited the result. MOUNTAIN RAM AND PUMA.

A Furious Battle Which a California Hunter Witnessed.

Lovers of sport with a spice of danger will find plenty of snuff in the interior of Lower California, where great stretches of heavily timbered land have yet to be cleared, and the mountain ram and puma, the well-known mining man and surveyor, was the undesigning witness of a savage and exciting contest which on his prospecting trip north of Calamajoe some weeks ago, the particulars of which he related to a San Diego Union man, and which he described as the most exciting and dangerous he had ever witnessed.
