Man upraised above his fellows
Oft forgets his fellow then.

That your meanest hinds are men—

There are farm embroidered oceans,
There are little weed clad rills,
There are feeble inch high saplings,
There are cedars on the hills?
God, who counts by souls, not stations.
Loves and prospers you and me,
For to him ill-famed distinctions
Are as pebbles in the sea.
Toiling hands alone are builders. cure without drugging, purging or reducing tem and are in fact and deed the Sovereign lies of the World. Of a nation's wealth and fame,
Titled laziness is pensioned,
Fed and fattened on the same,
By the sweat of others' foreheads
Living only to rejoice,
While the poor man's outraged feedom
Vainly litted up his voice.
Truth and justice are eternal,
Born in loveliness and light;
Secret songs shall never prosper
While there is a sunny light
God, whose world heard voice is singing

This question is answered in a recen umber of the American Apiculturist Careful weighing shows that an ordenary bee, not loaded, weighs the one five-thous-andth part of a pound, so that it takes five-thousand bees, not loaded, to make a pound. But the loaded bee, when he comes in fresh from the fields and flowers loaded with honey or bee bread, weighs nearly three times more, that is to say, he carries nearly twice his own weight. Of loaded bees there are only about 1,800 in

NOVEMBER DAYS.

November is a month of rainy, disagreeable days. The damp, cold air penetrates everywhere and chills the blood, laying the system open to the danger of colds, pneumonia and kindred complaints. There is but one remedy that stimulates the system and fortifies it against such attacks, and that is whiskey. Not such a whiskey as is generally palmed off on the public, but a whiskey of known purity and quality. Such a whiskey is Klein's Silver Age, Duquesne or Bear Creek Ryes. These whiskies have been before the public for many years and find favor wherever purity is required. Physicians prescribe them; hospitals use them, and every reputable dealer sells them.

They are for sale at \$1.50, \$1.25 and \$1.00 per quart respectively. Send for a complete catalogue and price list of all liquors mailed free. All goods neatly boxed and expressed anywhere. There is a clique of advertisers who are continually fooling the people. They have fooled them once too often with a pretense to give something for nothing. You may fool some of the people all the time—and all of the people some of the time, but you can't fool all the people all the time. In looking over the advertisements in the papers nowaday, I find I have lost my laurels. Now I will tell you the truth. You will see hundreds of such baits flung out for spekars to hit at such as (WY). baits flung out for suckers to bite at, such as, "We can save you 25 per cent by trading with us," and some even go so far as to say 50 per cent.

Men's fine suits worth \$25,00 for only \$9 99. Pants worth \$8.00 only \$3.99, Bankrupt Sales, Sheriff Sales, Assignees Sale, &c. Now we ask you candidly. Can these concerns doing business at fabulous expense, sacrifice profits as a great many advertise to do? Are they as liberal as they propose to be? We answer no. The enormous sums required to meet current expenses must be met by liberal and in most cases by heavy margins. Profits they must have and trade they must get or sink in the whirlpool they have created by their own hands. There is no alternative, get the profit and get the trade, but how? In no other way than working on the weak minds of the people by flaming advertisements. They boldly and shamelessly claim to actually give the dear people \$3 00 in value for one invested. Such unprincipled actions are becoming not only tiresome, but positively dangerous to the welfare and interest of the buying public. On careful inspection you will find these \$25 00 suits reduced to only \$9.99 are dear at eight dollars.
