#### THE CIT ZEN

It is a common mistake of agriculture s easily and quickly got at.

The common remark that stable manued crops while contentrated commercial ertilizers only stimulate them is an error. It is the constaut aim of the good farmer o get his stores of stable manure in easilyube condition, so that the roots of crops can feed on them as readily as they do on ncentrated fertilizer. That is the object composting manure. It is hastened greatly by adding to the manure heap the nineral elements in which it is deficient. In some cases, coarse, strawy manure needs more nitrogen and the addition of ome nitrate in combinations with miner al fertilizer is just what is needed.;

The Monroe Doctrine.

Much is said from time to time about the Monroe doctrine." James Monroe, in peaking of European or foreign countries aving interference with the affairs of the untries of America, sald:

e amicable relations existing between the United States and those powers (the allied powers of Europe) to declare that we should consider any attempt on their part to extend their system to any other portion of this hemisphere as dangerous to our peace and safety. With the existing olonies or dependencies of any European ower we have no right to interfere. But with the governments which have declared their independence, and maintained it, and clothing caught fire and she was burned to whose independence we have, on great death. consideration and on just principles, acknowledged, we could not view any interposition for the purpose of oppressing them, or controlling in any other manner their destiny, by any Enropean power, in any other light than as the manifestation of an anfriendly disposition toward the United States.

Smelling out Bank Bills.

If a bill must be sent in a letter, the safest plan is to roll it tightly into the shape of a lamplighter and lay it in the fold of the sheet inclosed. Arranged in that fashion, the fact that it is money cannot well be distinguished by the "feel." A thread, with a knot at the end, will not be so that fashion, the fact that it is money cannot well be distinguished by the "feel." So peculiar is the effluvium belonging to bank or treasury notes that experts at the bureau of engraving say that they can distinguish them when sealed in envelopes by the nose every time. A thief once showed to government detectives who had caught him that he could pick out, while blindfolded, from a pile of four hundred letters every one of seven which contained paper cash

Holiday Cheer.

The holiday season is close upon us, and every household in the land is preparing for the plum pudding, and the general feasting and rejoicing. A little good brandy for the mince pie, rum for the pudding, or a little stimulant to keep the spirits up and the cold out is absolutely necessary for an old time Christmas cheer. Hay in the Stack.

Hay settles in the stack quite slowly on account of the elasticity of the grass stems. It is a matter of guess work wholly how nuch it will settle, but in a month it may settle one-tenth in the height of the stack and more slowly after until it stops, New hay stacked twenty-tour hours only will weigh more than a ton for 1,000 cubic feet; after a month the weight of a ton will be about 900 cubic feet.

#### Cheap Grains for Poultry.

Grain may be cheap, but is costly food if it is used exclusively for the laying hens in winter, for the reason that while grain cannot be excelled for keeping the hens as "stimulating" plant growth. Plants have no nerves, therefore they cannot be stimulated. All there is of advantage in the concentrated fartilizer is about the excepted for keeping the hens warm, it will not supply them with egg-forming material, and if fed very liberally it causes them to become too fat. It is

stimulated. All there is of advantage in the concentrated fertilizer is, that it is soluble, and the plant food that it contains to meet with disappointment in not procuring eggs, although they supplied grain in caselly and onickly got at liberally, and yet if less grain and a proseasily and quickly got as.

The plant grows rapidly because it is well fed. There is no reaction, as there often is from nerve stimulation; but if the often is from nerve stimulation; but if the allowed a profit. # FOOLING THE PEOPLE.

There is a clique of advertisers who are continually fooling the peop e They have tooled them once too often with a pretense to give some for nothing. You may fool some of the people all the time and all of people some of the time, but you can't fool all the people all the time. looking over the advertisements in the papers nowaday, I find I have lost my laurels. Now I will tell you the truth. You will see hundreds of such baits flung out for suckers to bite at, such as, "We can save you 25 per cent by trading with us," and some even go so far as to say 50 per cent.

Men's fine suits worth \$25,00 for only \$9 99 Pants worth \$8 00 only \$3 99. Bankrupt Sales, Sheriff Sales Assignees Sale, &c. Now we ask you call-didly. Can these concerns doing business at fabulous expense, sacrifice profits as a great many advertise to do? Are they as liberal as they propose to be? We answer no. The enormous sums required to meet current expenses must be met by liberal and in most cases by heavy margins. Profits they must have and trade they must get or sink in the whirlpool they have created by their own hands. There is no alternative, get the profit and get but how? In no other way than working on the weak minds of the people by flaming advertisements. They boldly and shamelessly claim to actually give the dear people \$3.00 in value for one invested. Such unprincipled actions are becoming not only tiresome, but positively dangerous to the welfare and interest of the bnying public. On careful inspection you will find these \$25.00 suits reduced to only \$9.99 are dear at eight dollars. I saw an ad stating men's fine worsted suits reduced from \$10.00 to \$6.00. I called to see them and found our \$3.75 cotton suit. When we offer you a suit for \$10.00 that is all it is worth or ever was worth. We just give

you one dollar's worth of goods for 100 cents. You want to see our immense stock of overcoats and suits for men, boys and children. Hats and caps in endless variety, shirts, collars and cuffs, and ties, any and every style to suit even the most fastidious; underwear, hosiery, overalls, jackets, gloves, mittens, umbrellas, suspenders, in fact anything in the furnishing line; also a fine line of ladies and gents gold and silver watches, chains, charms, pins, rings, collar and cuff buttons, scarf pins, initial pins, all at the very lowest cash prices. All we ask is an inspection of our goods and prices before purchasing. We have always done you good and feel confident we can do so again. To those who have been trading with us, we tender our most heartfelt thanks, and to those who never have, we would say, try us once and you will never regret it.
