The Pennsylvania's Summer-traveling Guide.

The Summer Excursion Book of the Pennsylvania Railroad for 1894 is out, and presents an unusally meritorious appearance. Great care has been exercised in its dompilation, the technical information being especially reliable.

The great variety of routes suggested, the exhaustive schedules of rates, the graphic descriptions of about four hundred places, the explanatory maps and the illustrations, make the volume exceedingly valuable and almost indispensable to those contemplating summer touring.

A nominal charge of ten cents is placed or each copy, which can be obtained on application to tickets agents or the General Passenger Agent of the Pennsylvania Railroad Company, Philadelphia. Ten cents extra will be charged for mailing.
