THE CITIZEN

—When a man buys a bicycle he likes to think that he can go to San Francisco on it if he likes. He is proud of calculating how much he will save in railroad fares and he easily figures that the machine will soon pay for itself. Such a man would be astonished to know that the railroads are not in the least opposed to his whim; in fact, he will find that they proceed on the assumption that the more bicycles that are bought the more money the roads will make. It used to be the custom for a bicyclist to lug his wheel to the door of a baggage car and tip the baggagemaster a quarter to set it off at whatever place he wanted to get on it again, but to-day the tipping has become unnecessary, for bicycles are carried free just as trunks are, and they may be checked as personal baggage. The reason for this is that the railroad managers have found that bicycling makes a great deal of new business among men and women who ride a distance out of town then roll comfortably back on the cars, or who tarvel to one part of the country or another on purpose to ride their wheels amid pretty or unfamiliar scenery.

—Scorfula and all diseases caused by impure blood, yield to the great purifier, Hood's Sarsaparilla.

—Here is another parrot story. An exchange says: "A minister had a swearing parrot. A friend suggested that the next time he used profane words, for him to swing its cage around ten times and douse a pail of water on the bird. In due time it became necessary to apply the remedy as directed, then after setting the cage down, he glanced at the bird half dazed with its feathers wet and ruffled asked: "Well, how do you feel?" "Oh!" said the parrot, looking out of one eye in a quizzical way, "I'm all right, but where in —— were you when the cyclone struck us?" The parrot is now for sale very cheap.

—Electricity is employed nowadays for pulling teeth. To the battery are attached three wires. Two of them have handles at the end, while the third is attached to the forceps. The patient gasps the handles, the electricty is turned on suddenly, and the dentist simultaneously applies his forceps to the tooth. The instant the tooth is touched it, as well as the surrounding parts, become insensible to pain. A jerk, and it is out.

—Rheumatism cured in a day—"Mystic cure" for rheumatism and neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cts. Sold by J. C. Redick, druggist, Butler.

—"I don't think I ever realized just how many different kinds of aches a human being could have," remarkee a young father, "until I became acquainted with my boy. He's about 7 now, and a good healthy boy, too, but a list of his aches and pains would fill a book. His latest ache is the heel ache; he told his mother the other day that he had the 'heel ache.' This was somewhat entirely new to both of us, and we both thought it was rather funny; though possibly it may not seem to older parents."

Consumption Surely Cured.
To The Editor:—Please inform your readers that I have a positive remedy for the above-named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and P. O. address. Respectfully, T. A. SLOCUM, M. C., 181 Pearl St., N. Y.

TO PUT ON needed flesh, no matter how you've lost it, take Doctor Pierce's Golden Medical Discovery. It works wonders. By restoring the normal action of the deranged organs and functions, it builds the flesh up to a safe and healthy standard—promptly, pleasantly, and *naturally*. The weak, emaciated, thin, pale and puny are made strong, plump, round, rosy, and robust. Nothing so effective as a strength-restorer and flesh-maker is known to medical science. Filthy Cod Liver Oil and all its disguised compounds can't compare with it.

They build up *fat*, not healthy *flesh*.

Practically, you can get the "Discovery" *on trial*. In everything that's claimed for it—in purifying the blood, and building up the flesh and strength—if it ever fails to benefit or cure, you have your money back.

On these terms, is any substitute that may pay a dealer better to urge and sell, likely to be "just as good" for you to *buy?*

Nothing else, at any price, is really as *cheap*. You pay only for the *good* you get.
