jail on a charge of larceny.

About two months ago says the Indiana Messenger, the Supreme Court filed an opinion on the application of Mrs. Mary McCracken for mandamus to compel Judge White to certify to the proper President Judge a case which he had begun against her and her daughter, Mrs. Jennie Daugherty, in the Orphans' Court of this county. In that opinion the Supreme Court said that Judge White could not certify the case to Judge Greer, of Butler county; that the law gave him no right to select his Judge, but he must certify it to the President Judge residing nearest who is disinterested, and suggested that Judge Baker of Cambria county, was the proper Judge to hear the matter.

Mrs. McCracken served notice on Judge White of the opinion of the Supreme Court, and requested him to certify the case as therein directed. Her request was not complied with, and she then served on him a full copy of the Supreme Court opinion. This did not bring the answer, and on Monday evening of last week she prepared and sent to the Supreme Court a petition setting forth the facts and a certificate of of the Orphans' Court, James McGregor, that the case had not been certified.

The next day, Tuesday, Judge White filed a paper dated July 5th, certifying the case, and then telegraphed to his attorney in Philadelphia that he had certified the case the proceeding Friday.

On last Wednesday the matter came Citation in partition of the Shakeley rm. Executor's notice, estate of Eliza Melvin. Lion Coffee. Fredonia Buggies. Zimmerman's Clearance Sale. Kauffman's bargains.

## KLINGLERS' PRICES Rule the Butler Markets.

What the public would be compelled to pay for Flour and Feed, were the Kling-lers no longer in business, was demonstra-ted during the late Chicago riots. Though ed during the late Chicago riots. Though our stock was large, it was soon depleted, because of our extensive wholesale trade, and because of the embargo on all western railroads. For several days we could not supply the trade with oats, as the railroads could not move our oars. And what do you suppose the retail dealers asked for oats? Only 65 cents per pushel—over two cents per pound. Did you ever hear of a more extortionate price? But read. Bright and early one morning the Pennsylvania railroad succeeded in getting through three of Klinglers' cars. No sooner had these cars reached our Elevator than the retail dealers of Butler dropped their prices on oats 13 cents per bushel. The news spread like wild fire—"Klinglers have Oats." Now like wild fire-"Klinglers have Oats." the wind free Kinglers and Soas. Sow bear in mind just one thing: Klinglers did not advance a single article on account of the Chicago riots. We sold out our im-mense stock of Feed at regular prices, and did not extort because the blockaded rail-roads made it possible for us to do so.

NEW OATS ARRIVING. We are selling oats at 45 cents per bush d, and can supply all orders promptly four special attention is invited to our GLUTEN FEED. Over 100 tons have we sold of this feed,

and there is nothing at the price that gives such results. We have just received two car loads, and though fully worth \$20 per ton, we will close them out at \$18 per ton to those who have "a card." PURE RYE CHOP. Everyone is looking for a feed to substi-ute for oats. We have added pure Rye Chop to our list. Remember, it is absolute y pure. We warrant it. Our "card" prices for this chop are \$21 per ton in any

quantity.

We hope soon to have a full line of all kinds of feed. We are dependent upon the railroads for supplies, and are receiving cars daily. But a few days more and no one need be disappointed in either quality. Where is there a flour that sells like SNOW DRIFT.

People have been told over and over again that it's too cheap to be good, that the Klinglers can't afford to sell a good flour at such a price, and that there is some trick in the deal somewhere. My dear sir, nothing is more simple to understand. Snow Drift Flour is the principal product of our Oriental Rodler Mills. It is genuine, absolutely pure, straight family flour, made from the best wheat the market affords. We are selling it at manufacturer's wholesale price, and have not added one cent for handling. There are no intermediate profits, no bad debts, no clerk hire, no store rent, no agents commission added to the manufacturer's wholesale price. That's why the price is commission added to the manufacturers' wholesale price. That's why the price is so low. That's why the flour is so good at such a low price. And to introduce the Snow Prift more rapidly, we give you those liberal premiums. With one sack, a 2 lb. package of Granello, with 10 sacks, a sack free. Everybody knows what Granello is. It has no equal as a Breakfast food. We make it ourselves from the finest wheat grown. There is no food on the market to-day as nutritious and as highly recommended by dietarians and noted physicians. Try it.

That's the verdict of the majority. Our extensive trade bears witness. We sell to people we have never seen, and probably never will see. Our mail orders would suprise you. We guarantee satisfaction and treat our patrons so that they come again with pleasure.
