—Mrs. W. A. Grier, D. D., will preach in the United Presbyterian Church next Sunday morning and evening.

—A Farmers' Institute will be held at Freeport next Monday and Tuesday, beginning at 10 a. m. Monday in the operation.

—The Great and Glorious Pennsylvania Railroad Co. will confer a favor upon the people of Butler, by building them a handsome station house—

—The press endures affliction of death-head from the bar, stage, society, individuals and corporations. It is expected to give strength to the weak, eyes to the blind, clothes to the naked, bread to the hungry, etc.

—A man in New York City took a drink of whiskey the other day and has been speechless ever since.

—Twenty hundred boxes are on exhibition at Madison square Garden, in New York.

—Magnetics inject a poison into the wounds they inflict in order to make the blood thick enough to flow through their throats.

—A thirteen-year-old girl left the Orphans' Home last Sunday. She is heavy set, has dark eyes, short black hair and wears a blue coat and cap.

—The Council stopped the building of Mr. Seaton's new carriage used on the Orphans' Home, though it was to be iron clad and iron roofed, because the location is within the absolute fire limits.

—At the meeting of the Lincoln League, Monday evening, Newton Blank was elected President for the ensuing year.

—The fire in McClelland's house last Thursday noon was caused by leaving a broom standing too close to the stove.

—Do "Wit" M. Debanth of Pittsburgh. Subject "Christ Walk" What shall we do? How shall we do it? All are invited. Admission free. Come and bring others with you.

—A "gent" is now working the surrounding small towns on a small fake, says an exchange. He offers to print 100,000 notes for \$10. The order is taken, an 50 cents is paid on the job and the merchant never hears of the note heads. The fake claims to be a representative of a Cleveland firm.

—The expression, "Mind your P's and Q's," arising from an order of tin keepers marking down the scores of tin keepers, has been used for years.

—There is now in course of erection at the Altoona shops a new passenger locomotive which is expected to cover its 100 miles an hour without any trouble. The wheels are larger in diameter than the ordinary engine and will be equipped with ball-bearings, like a bicycle. It will also have a steam pressure of 90 pounds against 105 pounds pressure in the locomotive now in use.

—The free winter courses of agriculture horticulture and dairying offered by the Pennsylvania State College, located at the State College, Centre county, and the course of home reading in these subjects should be of interest to every farmer in the state. Certainly this county has a number of young men who need a piece of small amount of money necessary to take one of these courses, and they will find them of immense value in their farming operations. Look into the matter by requesting your local member of the State Board of Agriculture or Professor H. J. Waters, State College, Pennsylvania, to send you full particulars.

—Occasionally a D. D. (dead drunk) turns up in Butler. Policeman Skillman found one at the P. & W. depot, Saturday evening, and took him to the lock-up. Some men stand up when they are drunk and some cannot. In a case tried in the criminal court of Pittsburgh, last week, Judge White objected to the general issue regarding a drunken man as expressed in the lines:

"He is not drunk who from the floor Can rise and drink one more. But he is drunk who prostrate lies, And can neither drink nor rise."

Fire.

Mrs. Fitzsimmons of Quarry St. was awakened early last Sunday morning by the smell of smoke and found that her house, which adjoins that of J. C. McCoy, was on fire.

She awakened Miss McCoy, and they had barely time to carry out Mrs. Fitzsimmons' three children. The fire companies arrived as soon as possible, but could have no effect on the fire. The loss is estimated at \$400. The fire is supposed to have originated from a lamp left burning in the sitting room.

Accidents.

While George Marshoff of the first ward was trying to couple a passenger to a freight car at the new P. & W. yards a few days ago, he held the link a moment too long, and had the thumb and two fingers of his right hand crushed so badly that amputation was made necessary.
