In presenting for your careful consideration our advertisement of Whiskies. Wines and Liquors, we have no desire to tresspass upon your indivtdual opinions and beliefs; but the unanimous verdict of physicians of all schools "that pure whiskey is the best stimulant known to Materia Medica" impells us in telling you how and where you can purchase not only pure whiskey, but where you may obtain the BEST and PUREST liquors generally, either for medi-cal or social purposes. As a necessary stimulant, pure whiskey is an absolute necessity, especially so at this season of the year. Its timely use counteracts the ill effect of climatic changes on the system, and it is invaluable "to sustain the flagging powers of life in disease" as stated over the signature of one of our most eminent physicians, (see page 13 of our catalogue). At this time of the year too, the good house-wife is bent on serving "good cheer" for the Holidays, and what indeed would the Christmas Dinner be without its Pudding flavored with rum? its Mince Pie without Brandy? while the hot, smoking Punch and the steaming Toddy must not be forgotten tor they are all a part of Christmas and the
