SHLOSS BRO'S

Have been in the business so long and have conducted their business in such a manner that a customer once is a customer always. They don't lose their trade because everybody is satisfied. They never misrepresent or try to get rich off one customer. They understand how to buy, what to buy and where to buy. They pay spot cash for everything. They buy which gives them the lowest prices and enables them to retail goods at wholesale prices. They tell you plainly what the quality is and guarantee it just as they represent it. You know just what you are buying. It is they who have brought down the price in everything they handle till everybody is astonished. They are not afraid of work and have respect for everybody, rich and poor alike. They are the largest wholesale and retail dealers in their line in the State and have been for years and this year have thousands

and thousands of dollars more invested in their business than ever. They confine themselves exclusively to everything belonging to a driving or team outfit, Buggies and Wagons and everything pertaining thereto.
