THE GRIP OF THE FOUR.

BY OLAN DOYLE.

"Go on with your story," said Holmes, shortly. "Well, we carried him in, Abdullah, Akbar and I, and the boat was full of men...

"Well, there was one thing which very soon struck me, and that was that soldiers used always to lose and the civilians to win. Mind, I don't say that there was anything unfair, but it was a fact...

"One night he lost even more heavily than usual. I was sitting in my hut when he came in, and he was stumbling along on the way to his quarters. They were bosom friends...

"Well, I have set my mind on many things in my life, and never one which I did not carry out. But it was weary work, and I had to be very patient...

"I wish to have your advice, Major," said I. "Well, Small, what is it?" he said, taking his cheroot from his lips...

"I wish to have your advice, Major," said I. "Well, Small, what is it?" he said, taking his cheroot from his lips...

"I wish to have your advice, Major," said I. "Well, Small, what is it?" he said, taking his cheroot from his lips...

you look weary." "Yes, the reaction is already upon me, and I shall be as limp as a rag for a week."

"One day, however, I got word that he was dying. I hurried at once to the garden, and there I found him lying on his back, his hands clasped in prayer, and his eyes closed in death."

"I wish to have your advice, Major," said I. "Well, Small, what is it?" he said, taking his cheroot from his lips...

COVER FOR PUMPS.

A Method of Protection Which is Effective and Yet Simple. At the north, pumps in cold, bleak weather are liable to freeze up, causing a vast amount of trouble...

spout should be stopped up with cloth, leaving enough projecting to readily remove it by. Anyone who has had water cattle in the morning and has found the pump from which he proposed to get water frozen solidly, will appreciate this simple arrangement for preventing such a state of affairs.

THE SOURING OF MILK.

Thunderspoons seem to have little to do with it. From data deduced in various experiments conducted by Prof. H. W. Conn, who has been trying to establish some identity between thunderspoons and the well-known phenomenon of milk souring, the conclusions drawn point to the fact that the atmospheric conditions prevailing at such times are not such as to cause structural transformation in the lactical fluid.

VICTORY FOR DAIRYMEN.

The law of Massachusetts forbids the sale of adulterated milk. The law of Massachusetts forbids the sale of adulterated milk.

BOTH OF THE SAME KIND.

"A very remarkable account," said Sherlock Holmes, "of a stock and sheep to an extremely interesting case. There is nothing at all new to me in the latter part of your narrative, except that you brought your own sheep."

"I wish to have your advice, Major," said I. "Well, Small, what is it?" he said, taking his cheroot from his lips...
