There are some vague and intangible
rumors in the air. We have not

succeeded thus far in running any partic-
ular one of these rumors, but there is

a railroad or two in the air, some of our
ablest railroad prognosticators say

they can feel it in their bones.—Pansu-

tasney Spirit.

Quite a number of our citizens attend-
ed the services connected with the laying

of the corner stone of the new Episcopal
church, last Sunday afternoon, and the

The item regarding the picnic that ap-
peared in our issue of last week was not

intended to reflect upon the members of
the Proteus Home Circle, but their

friends who were themselves imposed
upon; and we greatly regret its publica-

than the City cent excursion."

on each side of the track, as the wheels

down to their smallest rootlets. It is pro-

posed to introduce the same system in

farming.

At the last session of the Legislature
an amendment was passed to the marriage

license law which was signed by the
Governor on June 15th. The amendment

makes a marriage license now good in any
county in the State, instead of simply in

the county issued. The party performing

the ceremony must make the return to the

officer who issued the license, and he will

be well for clergymen and others author-
ized by the law to perform marriages, to

make a note of the above fact, as there is
a heavy fine for a failure to properly re-

turn within thirty days all marriages per-

formed. The act went into effect at once.

In all other respects the law remains as it
was.
