THE WATER CASES.

THE WATER CASES.

On the 8th of July, Judge Greer ordered the Butler Water Co. to furnish a sufficient supply of pure water by August 15th. This the Co. did not do, and on Friday last, on petition of A. B. Richey, a rule was granted on the company to show cause why its officers and directors should not be attached for contempt of court, returnable. Monday at 10 A. M., and to be heard Tuesday. The case did not come up untill Tuesday evening when members of the Water Co, gave their experience in drilling wells and said they were running a large pipe line up the creek to a dam, they propose building on the J. J. R. Millinger now Robinson place, and as that is below the salt-water wells, the idea seems to be to pipe the salt water below it.

The case was continued, yesterday. Some more evidence was heard and Counsel agreed to submit the case without argument, and Judge Greer said he would make his decree by the 2d of Sept.

Tuesday afternoon the Water Co, asked the court to grant a preliminary injunction restraining the salt-water producers of the Boydstown field from running the salt-water into the creek, and Col. Thompson made an able argument in support of the motion.

Letters of administration were granted to John R. Boyer on estate of Mary Boyer, of Lancaster twp, also to M. H. Byerley and Adam Byerley on estate of John Byerl ley of Buffalo.

The Opening Attraction.

The opening attraction at the Park Thestre will be "The White Squadron," which will open the season on next Monday evening. This is one of the best plays on the road and has been intensely popular everywhere, and it was with great trouble and a considerable correspondence that Manager Burckhalter secured the attraction. NEISHBORHOOD NOTES.

A tomahawk, the hammer end of which was hollowed out to form a pipe, was found last week in Kittanning, where an excavation is being made for a new building. The weapon is of iron and in perfect condition, though bearing marks of having been through the fire. The cabin of chief Jacob, a leader of his tribe many years ago when the red man trod the primeval forest, stood where the tomahawk was found.

WORTH TWP.—Frederick of Zelienople struck a good gasser on the Wm. Shields a Worth twp. last week. Jacob Wihelm, of New York, Pa, aged Jacob Wihelm, of New York, Pa, aged 50 years, met with a horrible death a few days ago. He was handing sheaves from a mow to a fellow employe who was feeding a thresher, when he fell into the machine and was instantly killed. His legs and the lower part of his body were ground almost into a pulp. Withelm's companion tried to save him but was himself almost drawn into the machine. MCDDYCREEK TWP.—Jones' new well on the Ripper was finished last week, and s a good one. Hays & Co have a rig up or No. 2 in the Park Hays. BOYDSTOWN.—W. G. "Jerry Kightlinger, a prosperous farmer, living one-half mile south of the Diamond, in Venango county, lost a valuable cow last week, by her eating the leaves from a cherry tree that he had cut down in the pasture. The cow ate the leaves and did not go more than 200 feet from the spot and laid down and died. Why the eating of cherry leaves will cause death is not quite clear, but several owners of stock have reported losses at one time or another by eating cherry leaves cut during dog days.

cut daring dog days.

The immense power of the root of a growing tree was shown in Kittanning, a few days ago. In taking up some curbing in front of Alex. Reynold's new hotel, a stone four feet high and six inches thick was found split in two. A tiny root had started into a slight crevice, and as time passed on the root pushed its way further into the rock, until it finally passed through it lengthwise, splitting the stone in two. The root was flattened where it came out the other side it assumed its natural roundness.

The Oil City papers report an increase of drunkenness among boys in that city. On Sunday, the Derrick says, in the crowds on the streets there were fully 10d druck boys, none of them over 20 years old. Five of them, all drunk, and none 17, attacked a man on the street. Just outside the city 6 boys, between 10 and 12 years old, had a keg of beer, and some citem became helplessly intoxicated a pititul sight to the passers by.

Fall Announcement

For the Season of 1895.

Amazing Bargains, our purpose to sell low, our purpose to sell much, our purpose to sell now -that's the secret. much, our purpose to sell now -that's the secret.

We get it from all sides—"You're doing a phenomenal business." It's not accident. We're meeting the wants of the people by putting prices down and keeping them down. It takes courage, but brings business. We offer for your selection this fall one of the largest, most elegant stock of dress goods, ladies', children's and Misses' wraps ever brought to Butler. It is only necessary to mention that they are the celebrated Rothchild garments, the only perfect fitting wrap ever shown in Butler. Ladies in bygone days had to go to Pittsburg to get a genuine Rothchild wrap, but for the past two years we have the exclusive sale of Rothchild wraps in Butler. The public generally know what that name means. Perfect fitting, latest designs, best quality, at prices that will compete with any garment shown in the town of Butler. Our Millinery Department will still be under the able supervision of Mrs. Lou M. Ritter. This assures our patrons that we are in position now, as heretofore, to give them choice styles, new styles, exclusive styles, at our wellknown upopular prices. Ostrich feathers have been advancing right along. We bought our winter stock of ostrich feathers early in June, before the advance; also our velvets. This is to be a season for ostrich feathers and velvet. We can save you by our lucky early purchase 25 per cent on the dollar on all millinery goods. For dress goods I wish space would permit our telling you of the visions of beauty, style and elegance that our dress goods department is brim full of Beautiful Boucle cloths in black and colors. Fall crepons, crevanettes, heavy serges, fine serges, Henriettas and new Fall novelty dress goods, choice designs in novelty dress patterns. Our stock of blankets, flannels, yarns, haps, hosiery, underwear, notions, trimmings and domestics was never so complete or prices so reasonable. See our exhibit at Butler fair.
